

**BOSCH**

Invented for life

# Cooktop Range.

Gas, induction or ceramic cooktops  
to fit any cooking style.

# Bosch Cooktops.

Bosch offers a wide range of induction, ceramic and gas cooktops to choose from. They are all made using high-quality materials, are easy to use and add versatility, style and elegance to any kitchen.

## Why should you use an induction cooktop?

Faster cooking, reduced energy consumption, an induction cooktop generates heat only where it is needed – in the base of the pan, also providing more safety and more convenience. The lower temperature keeps both big and little hands safe from burning. Not only that, an induction cooktop is easy to clean as its cooking surface is flat and smooth and does not get hot enough to make spilled food burn and stick.

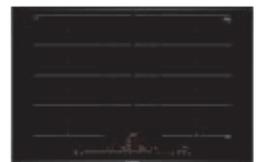

## FlexInduction Cooktop with Ventilation

## FlexInduction Cooktops

Ventilation accessories required

### Series 8 80cm FlexInduction Cooktop with Ventilation PXX875D34E

#### Heating functions

4 Induction cooking zones  
2 FlexInduction zones for large pans or multiple smaller pans  
17 power levels  
PowerBoost and ShortBoost for each zone

#### Convenience

Electronic DirectSelect Premium touch controls  
Dual timer with auto switch-off for each zone  
PerfectFry sensor with 5 automatic frying programs  
PerfectCook sensor  
MoveMode: 3 automatic power levels  
QuickStart  
ReStart  
Energy consumption display  
EcoSilence Drive motor  
PerfectAir sensor  
690m<sup>3</sup>/h extraction rate

#### Cleaning

WipeProtection: pauses all settings for easy cleaning while cooking  
Dishwasher safe stainless steel grease filters

#### Safety

2-stage residual heat indicators  
Child lock

#### Dimensions (HxWxD)

205 x 816 x 527mm

### Required accessories for the ventilation

**PXX875D34E** must be fitted with a recirculation or an extraction kit:

#### Recirculation Kit HEZ381501

CleanAir high performance filter with odour reduction rate of 85%

or

#### Ducted Extraction Kit HEZ381401

Direct air outlet onto 220 x 90mm flat duct system or 90° diverter and outlet

Additional parts for continuing external ducting are not included and will be required as per the design of your kitchen. Recommended ducting is available from [www.bosch-home.co.nz/shop](http://www.bosch-home.co.nz/shop)

### Series 8 90cm FlexInduction Cooktop PXX975DC1E

#### Heating functions

5 Induction cooking zones  
3 FlexInduction zones for large pans or multiple smaller pans  
17 power levels  
PowerBoost and ShortBoost for each zone

#### Convenience

Electronic DirectSelect Premium touch controls  
Dual timer with auto switch-off for each zone  
PerfectFry sensor with 5 automatic frying programs  
MoveMode: 3 automatic power levels  
QuickStart  
ReStart  
Energy consumption display

#### Cleaning

WipeProtection: pauses all settings for easy cleaning while cooking

#### Safety

2-stage residual heat indicators  
Child lock

#### Dimensions (WxD)

916 x 527mm

### Series 8 80cm FlexInduction Cooktop PXY875KW1E

#### Heating functions

4 Induction cooking zones  
2 FlexInduction zones with extended zones for large pans or multiple smaller pans  
17 power levels  
PowerBoost and ShortBoost for each zone

#### Convenience

TFT Touch Graphic display  
Dual timer with auto switch-off for each zone  
PerfectFry sensor with 5 automatic frying programs  
PerfectCook sensor  
MoveMode: 3 automatic power levels  
Cooktop to Rangehood: rangehood settings can be controlled by the cooktop (on selected Bosch rangehoods only)  
QuickStart  
ReStart  
Energy consumption display

#### Cleaning

WipeProtection: pauses all settings for easy cleaning while cooking

#### Safety

2-stage residual heat indicators  
Child lock

#### Dimensions (WxD)

816 x 527mm

### Series 8 80cm FlexInduction Cooktop PXY875DE1E

#### Heating functions

4 Induction cooking zones  
2 FlexInduction zones with extended zones for large pans or multiple smaller pans  
17 power levels  
PowerBoost and ShortBoost for each zone

#### Convenience

Electronic DirectSelect Premium touch controls

### FlexInduction Cooktops: The ultimate Bosch induction experience.

This technology provides even heating across the entire FlexZone. The FlexZone can be used as two separate zones or combined into a single 'super-zone' where the entire zone becomes your cooking canvas. Ideal for small pots, large pots, multiple pots, frying pans or casserole dishes – you name it, thanks to the unique coil shapes you get the ultimate flexibility and heat distribution at the touch of a button.

**Induction Cooktops:**  
Faster than gas and ceramic cooktops.

Bosch's induction cooktops put you in control with 17 power levels plus PowerBoost for each zone, dual function timer with automatic switch-off, residual heat indicators, child lock and more.

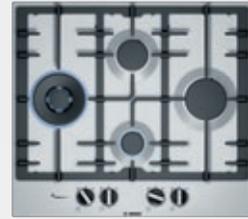

**Ceramic Cooktops:**  
Makes cooking and cleaning especially easy.

With their electronic touchcontrols and flexible cooking zones, Bosch ceramic cooktops combine great looks with smart function and design.

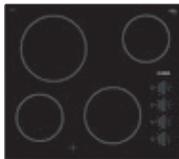

**Gas Cooktops:**  
Stop cooking with intuition. Start cooking with perfection.

Unlike conventional gas cooktops with inaccurate power settings, the Bosch gas cooktops with FlameSelect offer absolute control when it comes to adjusting the flame. This innovative technology allows you to control nine predefined heating levels. Enjoy all the benefits of gas cooking combined with the comfort and precision of an electric cooktop. Our cooktops are available in black tempered glass and stainless steel to perfectly match your kitchen and individual taste.

Ceramic Cooktops

Gas Cooktops

# Advanced features and functions for everyday use.\*

FlexInduction, Induction and Ceramic cooktops.

## Old pots, new technology.

Most of your old pots will work with induction if they have a ferromagnetic base. So, if a fridge magnet sticks to your pot, you know it's induction-ready.

## Convenience

### MoveMode.\*

Pre-set 3 different power levels and move from boil to simmer in just seconds.

1. Perfect for rapid boiling (Power level 9 – Front FlexZone)
2. Medium heat cooking (Power level 5 – Middle FlexZone)
3. Ideal for simmering (Power level 1 – Back FlexZone)

### Perfect FrySensor\* – for a steak that is just right.

With up to 5 automatic settings, the pan is heated to just the right temperature. Sensors inside the cooktop continuously measure the temperature and maintain it for perfect results.

### Dual function timer including automatic switch-off for each zone.\*

Use the independent audible timer to set the length of cooking time or set the cooking zone at a specific temperature (ie. level 5.5) for up to 99 minutes – ideal for busy households. Once the selected time has been reached, the cooking zone is switched off automatically.

### QuickStart\* – start cooking quicker.

The QuickStart functionality automatically detects the location of your pot and displays the cooking zone on the control panel. Just select the power level and you're away.

### ReStart.\*

Things happen quickly in the kitchen – if you spill something on the control panel or accidentally switch off the cooktop, ReStart will store your last selected settings. Those settings can be instantly recalled by simply pressing the main power switch within 4 seconds.

### Automatic pot detection.\*

Bosch induction cooktops feature automatic pot detection, which recognises the diameter of the cookware and determines the size of the cooking zone accordingly. If the pot is removed, the control panel indicator will flash and remain inactive until the pot is detected.

### Keep warm.\*

Ideal setting for keeping food warm before serving at the touch of a button.

## Safety and Cleaning

### WipeProtection.\*

Stay in complete cooking control even when you've had a spill or boil-over. WipeProtection locks the control panel for 20 seconds so you can clean the surface of the control panel easily, without losing your cooking settings.

### 2-stage residual heat indicators.\*

Provides clear indication of when a zone is still hot after use. Two levels: 'H' means residual heat sufficient to finish off cooking or to keep items warm; 'h' means residual heat insufficient to cook, but zone is still hot enough to advocate caution.

### Child lock.\*

Maximum safety for tiny hands. Lock your cooktop's control panel and prevent accidental little chefs from 'helping out' and hurting themselves. Enjoy the reassurance of maximum safety for both you and your loved ones.

### Automatic safety switch-off.\*

Never worry again if you have forgotten to turn off the cooktop. If you've stopped using it, your Bosch induction cooktop will automatically shut down.

\*Features vary depending on models. Please check individual product specifications.

## FlexInduction, Induction and Ceramic cooktops.

### Performance

#### **DirectSelect Premium.\***

Taking easy to use, intuitive controls to the next level, DirectSelect Premium gives you complete cooking control with intermediate levels and unsurpassed accuracy.

#### **DirectSelect.\***

Enjoy total convenience with DirectSelect. Simply select the required power level from the power settings laid out on the cooktop, without the need to press +/- repeatedly.

#### **TouchSelect.\***

With this control panel, you can regulate the desired cooking zone easily. Select your cooking zone and use the +/- keys to choose the power level you need.

#### **Sword controls.\***

The Sword controls make the cooktop easy to operate for those who like a more hands on approach.

#### **17 power levels.\***

Enjoy total control on every recipe with 17 power levels. This function allows cooking zones to be set in increments of 0.5 (ie. 0.5, 1, 1.5, 2...9).

#### **PowerBoost\* – now with even more power!**

PowerBoost channels increased power to a selected zone to turbocharge the cooking process. With PowerBoost, you can boil 2 litres of water almost three times faster than on a conventional glass-ceramic cooktop.

#### **ShortBoost.\***

Reduce the time to heat up pans – this boost function heats up the pan for 30 seconds at high power before automatically reducing the heat to the correct power setting.

#### **QuickTherm technology.\***

For improved control and flexibility, heat is delivered to the cooking zone in approximately three seconds. This feature is quicker than standard ceramic zones or electric-sealed plates.

## Gas cooktops.

### Efficiency

#### **One-hand ignition.**

Push and turn the ergonomically designed control knobs and the gas ignites automatically. As well as offering the convenience of only using one hand, there is also no separate ignition button to clean.

#### **Easy clean tempered glass.\***

Premium models with tempered glass base are easy to clean for total convenience and completed by a frameless finish for a stylish and sleek look.

#### **Cleaning rounded off to perfection.**

The rounded edges of our gas cooktops ensure effortless cleaning – dirt simply doesn't have anywhere to collect.

### Simplicity

#### **FlameSelect.**

FlameSelect and its patented valve technology offer you incremental heat regulation within nine precisely defined power levels, making your cooking with gas as easy, safe and enjoyable as possible.

#### **Flame failure device.**

For added safety, all Bosch gas cooktops feature a flame failure device. This feature stops the supply of gas to the burners if the flame is extinguished.

#### **Cast-iron supports.**

Cast-iron pan supports are both stylish and highly durable, providing solid and robust support for your cooking pans.

### Performance

#### **High-power wok-style burner.\***

Selected gas cooktop models feature a powerful wok-style burner, which provides up to 18Mj/h. Suitable for use with flat-based pans or with a wok using the wok ring provided.

#### **Flexible burners.**

All our gas cooktops feature different burner combinations for greater flexibility. With wok, high-speed, standard and economy burners, you can cook more efficiently with the burner most suited to the size of the pan.

\*Features vary depending on model. Please check individual product specifications.

# Why choose Bosch?

## Quality comes from experience.

All Bosch products are manufactured to highest possible standards, using only premium quality materials. We undertake quality and endurance tests for our products under continuous usage conditioning. Not a single appliance leaves our factory until it has been proven to meet our high standards.

## Sustainability.

Bosch products have been manufactured with the aim of minimising their impact on the environment. The signet stands for the resource-efficiency of our products – quite simply, for their 'Green Technology'.

## Extensive Customer Service Network.

Our friendly Bosch Customer Care team is on-hand to provide competent, reliable assistance. Before or after purchase, the Bosch team will be happy to advise you on products, their use and special functions. To get in contact with our Bosch team, call us on 0800 245 700 or email us at [aftersales.nz@bshg.com](mailto:aftersales.nz@bshg.com).

## Reliability Guaranteed.

We offer a 2 year manufacturer warranty on all our appliances. The appliance must be registered with the warranty card or online at [www.bosch-home.co.nz/mybosch](http://www.bosch-home.co.nz/mybosch).
