CREATING EXCEPTIONAL SPACES

# fodera®

## ARCHITECTURAL PANELS

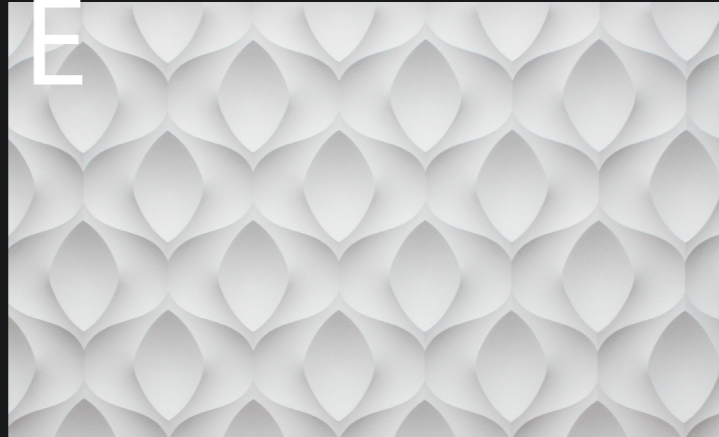

Fodera® is a customised design and manufactured product of three dimensional architectural panels, developed by our MF Group team. These panels are purpose built and provide bespoke designs for award winning commercial, retail or residential interiors by creatively utilising the interactions between light, texture and colour.

All our designs are beautifully resolved both aesthetically, technically and uniquely applied as one of a kind applications, project by project. Our range of finishes is virtually limitless and you can choose from our extensive collection of vinyl, painted, natural or moulded finishes. Work together with us to create a unique custom panel for an engaging wall covering, enhancing a furniture application, a creative point of interest or any other design application, tailored to your interior projects specific creative needs.

## ABOUT US

Our New Zealand owned and operated group was originally launched with the founding of Meridian Joinery Limited by Kieren and Cath Mallon in 1998, as a joinery company in the residential and commercial industry of New Zealand. Over the years, the organisation grew into a number of separate entities servicing different requirements of the Interior Fitout and Joinery sectors. In 2020 the decision was taken to amalgamate our three companies, Meridian Joinery Ltd, Fodera Panelling Systems Ltd, Loft HQ Ltd, and the MF Group brand was launched. The group was created to bring together the unique strengths of each individual entity into a singular point of combined creative energy of fitout, joinery and design skills, committed to creating exceptional spaces for our clients.

## OUR PROCESS

MEET AND GREET

Let's get to know each other. Call us to set up a meeting so that we can understand just what you need and decide how we are going to make exceptional spaces together.

IDEA AND CONCEPT

We discuss ideas and decide on the best way forward. We formulate a total concept. Complete with colours, textures, moods and feelings. We want to be on exactly the same page with expectations and processes.

DESIGN AND CREATE

We develop creative solutions. You approve it, so that we have a clear picture of the finished project. We know where we are now, the starting point, the design is our destination.

BUILD AND INSTALL

Now that you are acquainted with our passion for innovation we get started physically creating. Seeing our vision come to life. You can rely on us to deliver.

# OUR SERVICES

## FITOUT

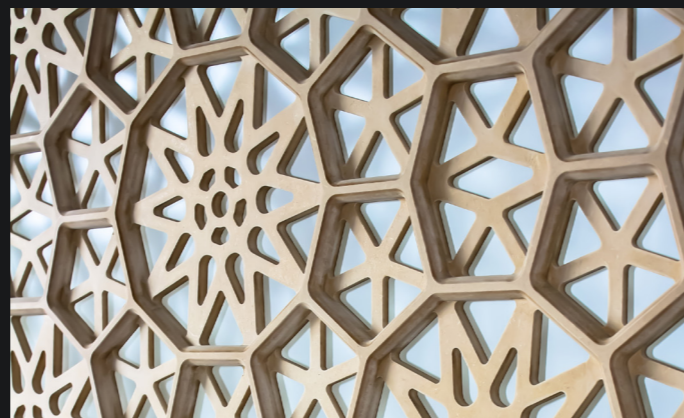

As your partner in creating exceptional spaces, we know that there are many moving parts to a project. The detail of each component in your project is carefully managed, that's why we pride ourselves on the precise management of your entire project all the way through to the final Installation.

## JOINERY

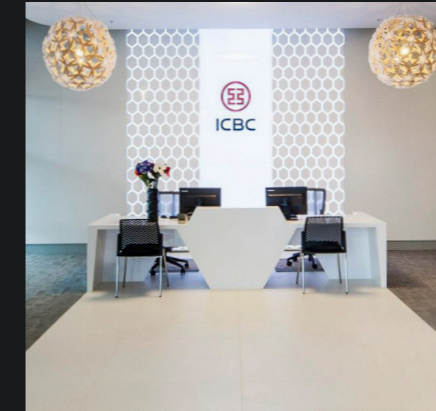

As a long serving member of the Master Joiners Association, we hold ourselves to the highest standards in our trade. Our attention to detail and experience gives us a deep understanding of the value of true craftsmanship, no matter the challenge you put in front of us.

## DESIGN

The decades of being at the forefront of our growing industry, has allowed us to influence the direction of a diversity of design projects. This has strengthened our skills as your creative partner with the ability to design and develop positive solutions for any challenge an ambitious project might imagine.

# WHAT WE DO

## COMMERCIAL

Helping you create a professional atmosphere for your customers, clients and employees. We produce designer reception counters, bespoke office joinery, and all other furniture to suit any business or industry. Include our creative Fodera feature wall panelling systems to bring a unique perspective to your office interior.

## RETAIL

Retailers and Design Agencies trust us with their store roll outs. We have a long history working alongside the large international, and our familiar local, retail chains. Building and fitting out their store interiors whilst being a creative solution project partner. Retailers need exceptional spaces to build trust among their customers. And we do just that.

## RESIDENTIAL

Everything that transforms your house into a home. We work with passionate homeowners ensuring their living space reflects the true personalities of the individuals that call this space home. Taking your project from concept development of your foodie inspired kitchen makeover, through to the custom cabinetry, bathroom vanities, bookshelves, built-in wall units and your various other joinery needs.

## FODERA

No matter the environment we are creating for a fitout, joinery or design project, we always strive for innovation. FODERA is a unique resource that can contribute to the creative vision for your space. Sculptural, textured and patterned features, bringing visual interest by utilising the relationship between light, texture and colour.
