KOTARE

“

*The quality of our builds
speak for themselves*

*The homes we craft are
unique, they inspire our
dedication*

CLYDE

“

Like us, our clients really
care, they value our
personable approach and
recognise quality

Your satisfaction drives
our team

AIKMANS

“

*We care about our
people and how we do
business*

*We care about our craft
and your expectations*

NGAHERE

“

*We are driven to provide
for our families*

*We do this by delivering
for yours*

DEANS

“

They value the collaborative nature of their work and consistently foster positive and respectful connections with everyone involved in the project.

There is no better recommendation than repeat clients booking in another house!

SAM AND JANE CONNELL

EXETER

“

*Everything we do is
transparent and open
book*

*Site updates are
informative, proactive
and honest*

"I highly recommend Sam and his team at Petrie Construction. Over the past 5 years, they have undertaken numerous projects for us, ranging from multi-unit developments to the construction of our own family home. They are very thorough, demonstrate quality workmanship and attention to detail. The work site is always kept very tidy and safe throughout. Each member of the team is very personable and their consideration to the surrounding neighbours during the building process is always commendable (even saving a bird for a 5 year old girl neighbour). The relationship the Petrie Construction team have with sub-contractors and other third parties shows the respect they have for both the work they do and the industry they work within. They value the collaborative nature of their work and consistently foster positive and respectful connections with everyone involved in the project. There is no better recommendation than repeat clients booking in another house!"

SAM AND JANE CONNELL, CHRISTCHURCH

"Sam Petrie and his team of architectural builders have completed two projects for us in the past 3 years on time and on budget through COVID and the usual Council rigamarole. The first - 3 architectural townhouses in Merivale the second an architectural home build in Akaroa. Sam's craftsman like attention to both the build quality and his attention to detail is first class. Sam worked easily with architects, engineers and designers when issues arose needing sorting. All the sub trades commented to me on the build quality and the world class finish. If you're looking for a talented, craftsman builder who brings a special group of equally talented sub trades to complete your project to the highest standard, on time and on budget then we'd recommend Petrie Construction every time."

PAUL AND JILL WRIGHT, CHRISTCHURCH
