

Designer dream

Cashmere

Nestled in the hills above Christchurch, this contemporary four-bedroom, two-storey home is a modern stunner. Views to the Southern Alps form a wonderful backdrop to contemporary living. Cedar and stone cladding create striking appeal, enhanced with black and white accents.

Internal materials echo the exterior with light oak timber floors, white walls and stone benchtops. Custom-made to suit the owner's tastes, this is no a-la-carte kitchen space. High-end appliances, quality fittings, soft-close cabinetry and a big butler's pantry

all make for a made-to-order cooking and hosting experience. A large breakfast bar serves family life.

Living spaces are located under high ceilings on the upper floor. Large glass sliders and a balcony enhance the feeling of openness and maximise views. The lower level features four well-positioned bedrooms opening onto a deck. A well-designed laundry and three elegant, tastefully tiled bathrooms grace this modern home. A stand-alone bath with waterfall spout lifts the family bathroom to luxurious heights.
