COOL BUILDING

(Grey Lynn, Auckland)

Thank you to Burgerfuel who kindly gave **Accumen Shapes** permission to showcase this excellent example of a once tired building that was recently revived into a valuable asset for the building owners.

The street view of the Burgerfuel HQ building has also created a perfect appearance for passers-by to appreciate design work at its best.

We commend **BK Textures** for their effort installing the **decorative details** manufactured by **Accumen Shapes**, producing this very impressive result.
