No leaks, guaranteed.

With Atlantis you can be sure that leaks from your tiled shower are a thing of the past.

Whatever your bathroom environment and flooring structure, our primary focus is to create a superior shower solution that will make your shower space watertight.

At Atlantis we are so confident in the superior performance of our Linea Quattro™, EasyTile™ shower base systems that we will guarantee their durability and leak-free function for a minimum of 25 years* – exceeding the requirements of the New Zealand Building Code, giving you peace of mind that your choice in Atlantis is the right one.

* See detailed Warranty Statement on Pg. 86.

The Atlantis Shower Solution

A. SOLID BASE

The Atlantis shower base is unlike any other. The one-piece waterproof shower base made from fibreglass forms a solid shower floor that will not flex or move. All bases can be installed onto existing floors for low-step entry, or can be recessed into the floor structure to create a level-entry shower with minimal alterations required.

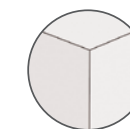

B. 100% WATERPROOF

Made with thermoformed PMMA, backed with a tough fibreglass composite and enclosed with a generously high upstand along each wall-side, the Atlantis shower base is already waterproof and designed for perfect water drainage, leaving no chance for water to escape other than where directed.

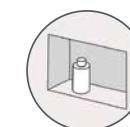

C. SUPERIOR GLAZING CHANNELS

Atlantis glazing channels are designed to interlock at the critical corner junctions, providing a complete water seal and giving you extra peace of mind. * **The base channel comes factory fitted onto the base**, and the wall channel is applied direct to the waterproofing before tiling to create a superior result.

D. HIGHEST QUALITY SAFETY SCREENS

Whether you prefer a fully-enclosed shower or just to walk in, Atlantis' nano-coated CristalVision™ screens are made to the highest safety standards and are designed to work perfectly with the rest of the shower structure. No separate measuring or waiting required, or reliance on other suppliers. Optional clip-on door seals further enhance water tightness.

E. EASYNICHE™

Tiled recessed shower shelves can be difficult and time-consuming to construct and waterproof. The Atlantis one-piece EasyNiche™ is made from the same rigid material as the shower base, and can be fitted easily and quickly into the wall for an attractive and fail safe result. Available for tiled or prefinished walls.

F. 25-YEAR WARRANTY

Because our showers have been rigorously designed and tested from start to finish, we are so confident in the performance of our showers that we promise leak-free showering for the life of your shower. While each system component comes with an individual guarantee, all Atlantis tile-over shower bases offer a 25-year durability and leak-free warranty, offering you complete peace of mind.

*Patent No. 510350. Wall glazing channel Design Registration No. 403850.

5 steps to creating your dream shower

1 Work out the measurements and ideal shape to fit your space.

Atlantis has a large range of the most common base sizes and shapes, up to 2000mm wide by 1000mm deep. We also offer custom shapes and sizes (Pg. 46).

2 Choose from our range of base and drain designs to best suit your environment.

Your options include the sleek styling of a channel drain (Linea Quattro™), a tile-over centre-drain look (EasyTile™), solid white or black stone base (Ebony & Ivory™), premium prefinished white shower system (Black Pearl™) or acrylic shower available in white or graphite (Quub™).

3 Determine what wall finish you prefer.

Ellure™ Tile Look Walls, one piece acrylic wall liner or ceramic tiles over waterproofing. Atlantis shower bases come already 100% waterproof but you will need to consider additional waterproofing for the bathroom walls and floors if tiling.

4 Select your preferred screen option to match from our range of styles.

Choose from hinged, sliding or walk-in (panel) screen options on all showers.

5 Decide on what accessories you would like with your shower.

Accessorise your shower with EasyNiche™ recessed wall shelves (Pg. 64), stunning new Foundry Series Hardware (Pg. 58) for the finest finishes available and/or upgrade your Linea Quattro™ shower base with a factory-fitted Architectural Finish (Pg. 56)

* Now it's time to choose your tapware, tiles and book your shower installation!

We advise using a qualified tradesperson or shower installer. To contact a recommended independent installer near you, visit www.atlantis.co.nz

* Atlantis product warranties apply regardless of who installs the product. See Pg. 84 for warranty details.

5 steps to installing your tiled shower

Step 1.

Position shower base.

Step 2.

Apply waterproofing.

Step 3.

Fit wall glazing channels, then lay tiles.

Step 4.

Tiling complete.

Step 5.

Fit frameless screens.

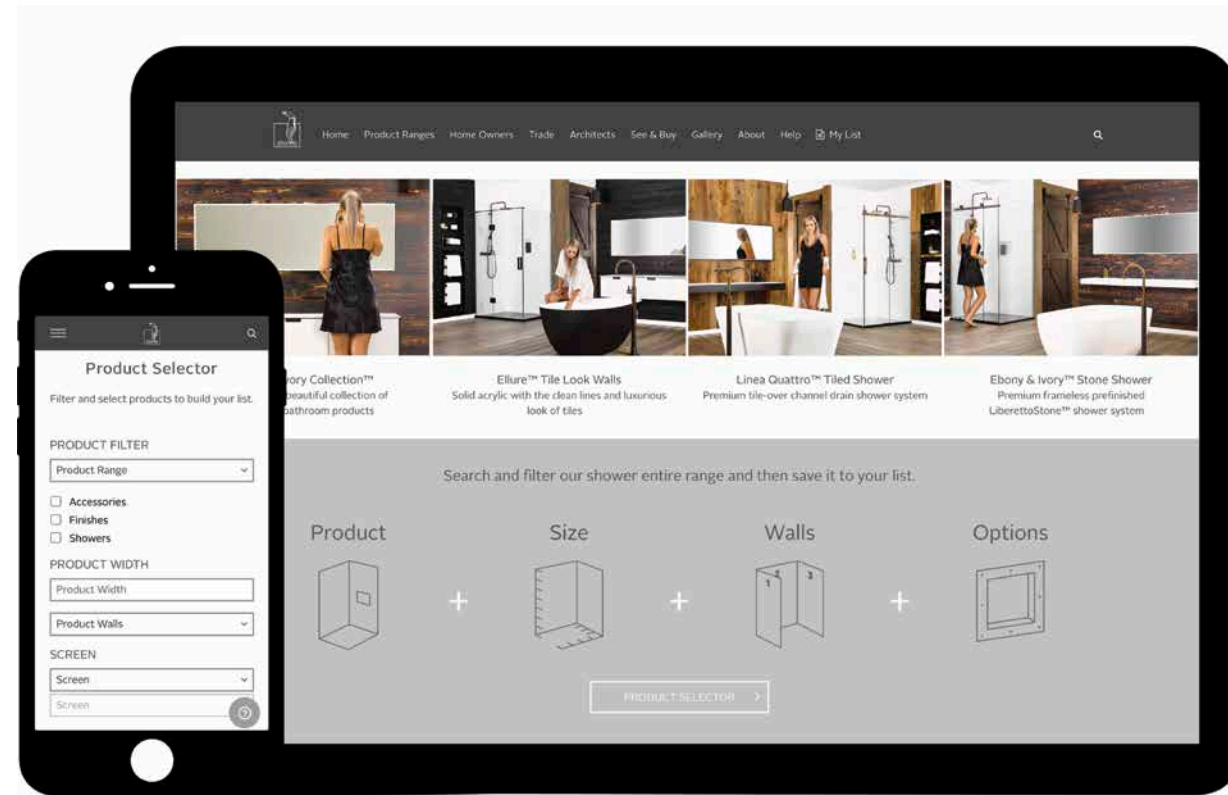

Overview of installation method – the above scenario and times are a guide only. Installation times may vary depending on materials used, and may be carried out on more than one day. Visit www.atlantis.co.nz for a recommended independent installer near you.

EBONY & IVORY
perfect harmony

Handcrafted
LiberettoStone™ shower
system available in
stunning Black or White.

Subtle LiberettoStone™ mini-channel drain

EBONY & IVORY

perfect harmony

Designed for dramatic effect.

Ebony & Ivory™ is founded on the undeniably simple beauty of the contrast between black and white. Ebony & Ivory™ encourages freedom of expression for the most creative, luxurious and functional bathrooms.

Ebony & Ivory™ Showers are handmade from elegant and durable LiberettoStone™ – a mix of resin and fine stone properties that is then cast and polished to create a beautiful shower tray. The Ebony & Ivory™ system is designed and constructed to last a lifetime, and to look beautiful while doing so. This system suits tiled ceramic walls or Ellure™ Tile Look Walls.

- Low-step entry for a subtle transition from bathroom to shower.
- Solid LiberettoStone™ construction
- Various sizes and shapes to suit any unique bathroom. Custom options available
- Silky smooth black or white stone finish
- Integrated mini-channel drain located at rear of shower in a range of positions
- Available with 2140mm high frameless Sliding, Hinged and Walk-in glass screens including CristalVision nano-coating.

1200 x 1200 showers –
designed for accessible
bathroom spaces.

Tiled 2 Wall Hinged Shower

Tray left as-is – prefinished white

Tray tiled with your choice of tile

Accessible Showers

The large shower solution by Atlantis – for accessible bathrooms, or for those that prefer a bigger shower.

Available in one size, in a range of configurations, the Accessible Shower meets accessibility requirements that most standard showers don't.

With three entry styles – Seamless Entry, Level Entry & Step Entry – there is an option for each unique bathroom. Combine with your choice of screens to create your dream large shower that meets NZS 4121:2001 requirements for accessibility.

- Low profile one piece shower base – can be tiled, vinyl flooring, or left as-is, prefinished gloss white surface
- 75mm wall junction upstand for guaranteed watertightness
- Solid waterproof construction – 25-year leak free warranty on base*
- Central easy clean waste fitting
- Available with frameless screens at 2140mm high – door at 900mm wide on hinged screens
- Optional EasyNiche™ recessed product shelves (Pg. 64)

Foundry Series

by Atlantis

Foundry Series Hardware Upgrade

A selection of the finest hardware finishes, built on a stunning Matte Black foundation.

Set on Atlantis' market-leading matte black base finish – consisting of matte black glazing channels and top brace – upgrade your shower with the highest quality hinges, handles and rollers in Aged & Polished Brass, Brushed Nickel, Brushed Gold, Gunmetal and Matte Black.

All finishes are PVD other than Living Finishes (Aged & Polished Brass).

Polished Brass Hinging/Sliding Hardware on Matte Black glazing channels & top brace

Aged Brass Hinging/Sliding Hardware on Matte Black glazing channels & top brace

Brushed Gold Hinging/Sliding Hardware on Matte Black glazing channels & top brace

Brushed Nickel Hinging/Sliding Hardware on Matte Black glazing channels & top brace

Gunmetal Hinging/Sliding Hardware on Matte Black glazing channels & top brace

Matte Black Hinging/Sliding Hardware on Matte Black glazing channels & top brace

Note: Living Finishes will continue to age and patina over time. A polished brass finish can be maintained with Brasso or similar brass cleaner. Angle Front & Fixed Panel showers are available in Matte Black only. Foundry Series Showers are custom made, and therefore non-returnable.

See next page for Foundry Series in context.

easyniche[®]

Adding the stunning finishing touches.

To add that final touch of finesse to your bathroom, Atlantis have developed a beautiful range of complimentary products.

EasyNiche™ – the Atlantis recessed product shelf, creates vital storage space inside your shower enclosure, without compromising aesthetics.

EasyNiche™ Recessed Towel Warmer – this new design combines the traditional EasyNiche™ recess with a heated towel rail. With design in mind the towel warmer helps maintain clean lines in any bathroom environment.

EasyNiche™ Aura Shelf – the new recessed storage shelf that provides a simple and practical solution to the recurring problem of a lack of storage space in modern bathrooms. Combine with the Recessed Towel Warmer for the ultimate duo in bathroom storage.

Experience an evolution in bathroom style with superior shower solutions, well crafted, and design led bathroom accessories by Atlantis.

EasyNiche Registered Design No. 415619, 415620, 418228. Towel Warmer Patent No. 626027.

easy niche™

Enhance your shower with a selection of tile-over, exposed or retro-fitted recessed product shelves and footrests.

Tile-over EasyNiche™

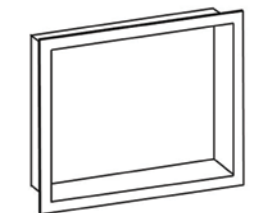

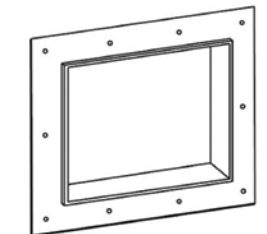

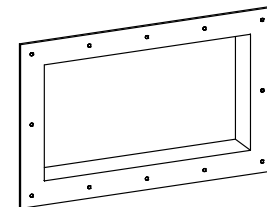

The tile-over EasyNiche™ is made to last for the life of your tile shower. A one-piece standalone unit, EasyNiche™ is 100% waterproof and comes with a 25-year warranty against leaks. Available in 10 convenient shelf sizes and a matching footrest. EasyNiche™ can be installed with any compliant waterproofing (using the simple self-adhesive connection tape supplied – see steps on next page). EasyNiche™ comes in a complete kit with installation materials included, and is designed to be tiled over.

Exposed/Tile-in EasyNiche™

The stylish exposed/tile-in EasyNiche™ is prefinished in white gloss and is recessed into tiled walls before tiling. Simply tile up to the lip. Solid one-piece construction, 100% waterproof and includes a 7-year durability warranty. All installation materials are supplied.

Retrofit EasyNiche™

Create space in your shower with a non-tiled recessed EasyNiche™ available in gloss white or black finish. Simply retro-fit into a wall liner or Ellure tile look walls, and enjoy the functional and elegant finish of a Retrofit EasyNiche™. Solid one-piece construction, 100% waterproof and includes a 7-year durability warranty. All installation materials are supplied.

LEAK-FREE WARRANTY

When the shower components are installed in accordance with the manufacturer’s instructions, Atlantis Bathroom Style Ltd warrants that the tile-over shower base will not allow water leakage* into the building structure for a minimum period of 25 years. *Water leakage excludes surface splashes.

The liability of the company is limited to the replacement of products (or system components) for an equivalent product, and the installation thereof provided the product or component is declared defective by an authorised representative of the company.

The company will not be liable for any damages or losses beyond the installation of replacement products as originally supplied. Under no circumstances will the company be liable for consequential or incidental damages related to the use of this product.

DO NOT install a damaged or defective product. Use only the primers, adhesives and silicon sealants supplied with this product, as directed, for the installation of this product.

Apply an approved waterproofing membrane, to the walls. Use only the recommended tile adhesives compatible with selected membrane. Failure to comply may deem this warranty void.

This warranty will not apply where the Products have been improperly installed, have been misused or proof of purchase cannot be provided. The leak-free warranty may not apply where the warranty claim has not been notified to the company within 90 days of the problem first appearing or where any system component is substituted without the company’s express agreement.

INSTALLATION WARRANTY

As offered by your independent contractor/installer. An Atlantis recommended installer should offer a minimum 5-year installation guarantee for workmanship. Please check before proceeding with any part of this installation.

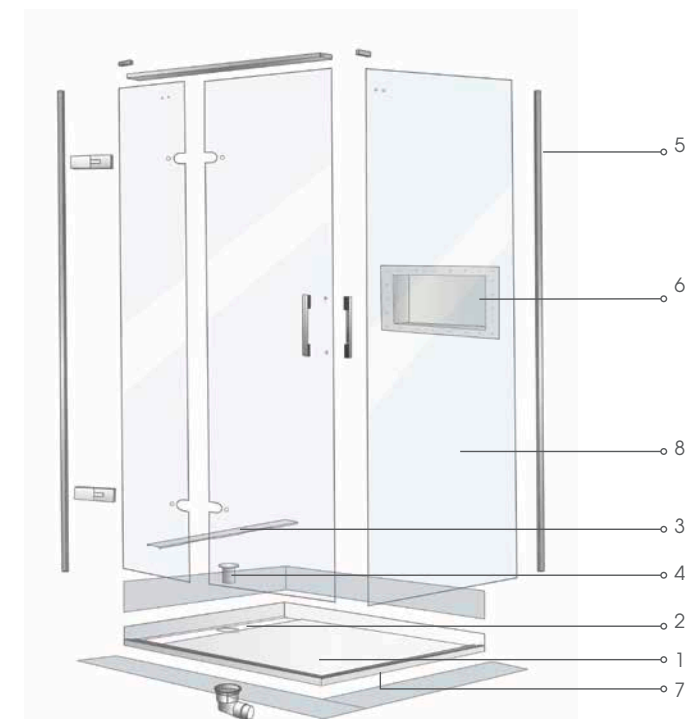

Please note: Atlantis product warranties apply regardless of who installs the product. Installation warranty not offered by Atlantis. For full details and terms and conditions of warranty please refer to our website – www.atlantis.co.nz/warranty

*T&Cs apply to Glass Warranty. please refer to our website for details – www.atlantis.co.nz/warranty

Note: Atlantis reserves the right to change product specifications without notice to other parties.

Essential Structure

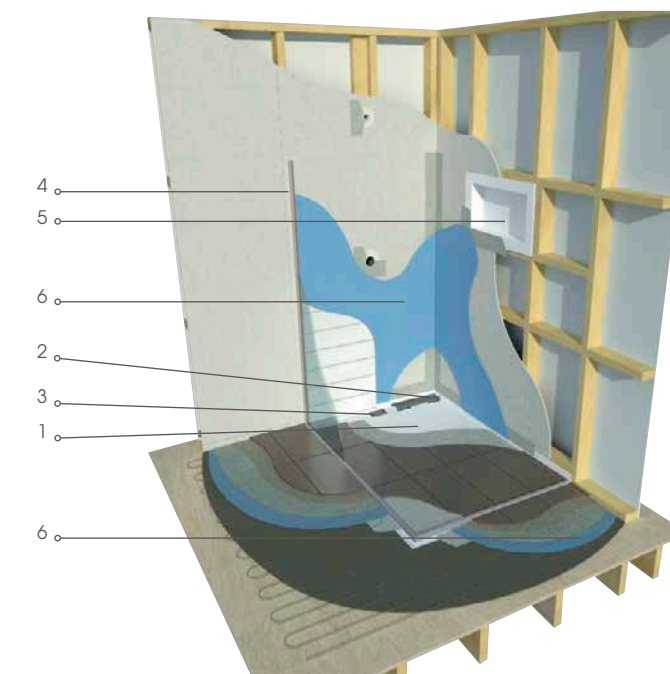

Atlantis shower bases are unlike any other. Already waterproof, the one-piece preformed base is designed for perfect water drainage, leaving no chance for water to escape other than where directed. The Linea Quattro™ shower base, essential structure is shown in the diagram below.

| 2. Channel drain and stainless steel grate | 5. EasyNiche™ accessory |
| 3. Easy clean waste | 6. Liquid waterproofing (by others). |

Linea Quattro™ shower system specifications

SHOWER BASE

- Structurally solid pre-formed base made of tough FRP material, already 100% waterproof.
- May be installed to achieve a stepless shower floor or simply placed on an existing floor for low step entry.
- 100mm high upstand from floor – for secure connection to wall membrane.
- Factory-fitted glass receiver channels on base.
- Guaranteed fall (1:80) to waste.
- Single plane to channel drain surface accepts tiles up to 12mm thick (standard).
- Weight: 16kg/m².

CHANNEL DRAIN & WASTE

- Integral channel drain located at side or back.
- 40/50mm easy clean trap.
- Minimum flow rate 40 litres per minute.
- Stainless steel drain cover.

PRECISION-FIT NAKED FRAMELESS SCREENS

- 8mm toughened safety glass.
- CristalCote nano-coating factory-applied.
- Hinged door option complete with chrome/stainless steel handles, solid brass hinges and fixing materials.

- Sliding door option complete with stainless steel handles, roller assemblies and installation materials.
- Walk-in fixed panel options available in most sizes.
- Satin anodised wall glass receiver channels incorporate mechanical glass locking system and are machined to lock with base channels.
- High strength chrome top rail brace at 2000mm high above base.
- Screens supplied at 2120mm overall height.

WATERPROOFING

- Optional – Essential Connection Waterproofing Tapes available for the secure connection of the wallboard to the base upstand and from the base perimeter to the floor. Included with this optional package is a base adhesion layer.
- Compatible with all compliant liquid waterproofing products

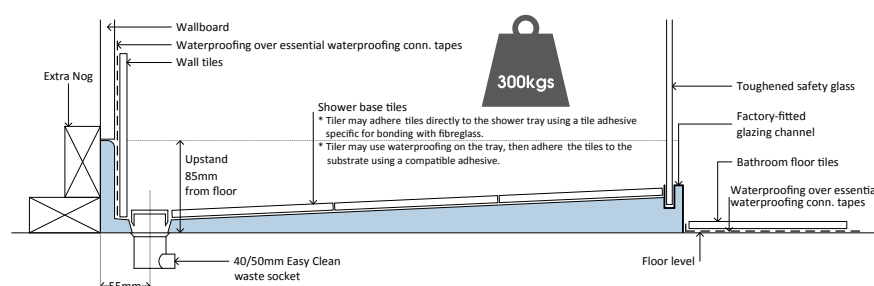

INSTALLATION

Atlantis recommends installation of Linea Quattro™ showers is undertaken by a recommended Atlantis installer. See website or call 0800 428 526 for more details.

Ebony & Ivory™ shower system specifications

SHOWER BASE (Non-tiled base)

- One piece preformed LibereettoStone™ construction for durable performance.
- LibereettoStone™ is a unique material comprising of stone and resin properties, this is then handcrafted and moulded into our Ebony & Ivory Collection products.
- Structurally strong across entire base and outlet – will not deflect or compress.
- Wall junction upstand 100mm high.
- Base height 35mm maximum from floor to top of base.
- Weight: 45kg/m².
- 7 year leak-free and durability warranty.
- Base available in Black (Ebony) or White (Ivory) finish.

WATERPROOFING

- Optional – Essential Connection Waterproofing Tapes available for the secure connection of the wallboard to the base upstand and from the base perimeter to the floor.
- Compatible with all compliant liquid waterproofing products.

WASTE FITTING

- Waste – 40mm direct flow vertical waste outlet.
- Maximum flow rate 40 litres per minute.

FRAMELESS SCREENS

- 8mm toughened safety glass.
- CristalCote nano-coating factory-applied.
- Satin anodised wall glass receiver channels incorporate mechanical glass locking system and are machined to interlock with base channels.
- Hinged door option complete with stainless steel handles, solid brass soft closing hinges at 2120mm high.
- Chrome top rail brace included with hinged system.
- Sliding door option complete with stainless steel handles, fully adjustable s/s roller assembly and installation materials.
- Sliding screens and fixed panel supplied at 2120mm overall height.

INSTALLATION

Atlantis recommends installation of Ebony & Ivory™ showers is undertaken by a recommended Atlantis installer. See website or call 0800 428 526 for more details.

EasyTile™ shower system specifications

EASYTILE™ BASE (TILING TRAY)

- One-piece pre-moulded base made of tough FRP composite already 100% waterproof.
- Guaranteed fall to waste 1:80.
- Square tile-in drain outlet located at centre.
- Wall junction upstand 85mm high from floor.
- Seepage ports incorporated with drain.
- No floor structural modifications required.
- Shower base comes with factory-fitted glazing channels.
- Weight: 21kg/m².

WATERPROOFING

- Optional – Essential Connection Waterproofing Tapes available for the secure connection of the wallboard to the base upstand and from the base perimeter to the floor. Included with this optional package is a base adhesion layer.
- Compatible with all compliant liquid waterproofing products.

FRAMELESS SCREENS

- 8mm toughened glass screens at 1960mm high.
- Satin anodised wall glass receiver channels incorporate mechanical glass locking system and are machined to lock with base channels.

WASTE FITTING

- 40mm easy clean fitting

HARDWARE

- Polished stainless steel door handles supplied with all systems. E handle standard.
- Adjustable bracing system – catering for uneven walls, incorporating up to +/-10mm installation tolerance.
- Chromed, solid brass self-centering hinges.

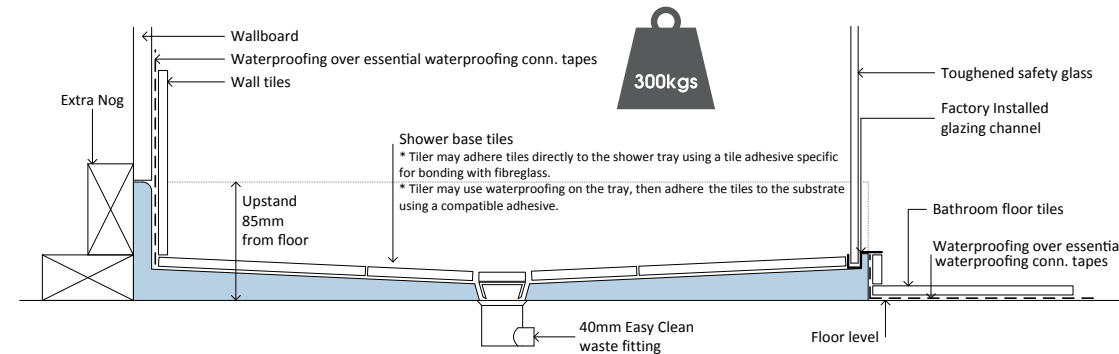

INSTALLATION

- Atlantis recommends installation of EasyTile™ showers are undertaken by a qualified shower installer. See website or call 0800 428 526 for more details.

Black Pearl™ shower system specifications

BLACK PEARL™ SHOWER TRAY

- One-piece tray manufactured from tough FRP with an acrylic surface for durable performance.
- Structurally strong across entire base and outlet – will not deflect or compress.
- Built-in outflow gradient ensures optimum water flow to outlet. Minimum 12mm fall to outlet.
- Wall junction upstand 100mm high from floor.
- Base height 30mm from floor to top of base.
- Waste outlet is located at rear on most sizes, 175mm from rear wall. Some sizes have centre-located waste option.
- Weight: 21kg/m².
- 7 years leak-free and durability warranty.

SHOWER WALL – OPTIONAL

Acrylic wall liner or Ellure™ tile look wall.

WATERPROOFING

- Optional – Essential Connection Waterproofing Tapes available for the secure connection of the wallboard to the base upstand and from the base perimeter to the floor.
- Compatible with all compliant liquid waterproofing products.

FRAMELESS SCREENS

- Satin anodised wall glass receiver channels incorporate mechanical glass locking system and are machined to lock with base channels.
- CristalCote nano-coating factory-applied.
- 8mm toughened glass screens at 2060mm high.

WASTE FITTING

- Waste fitting 40mm easy clean waste with side outlet and stainless steel top.
- 5 year manufacturer's warranty.

HARDWARE

- Polished stainless steel door handles supplied with all systems. E handle standard. Upgrades available.
- Adjustable bracing system – catering for uneven walls, incorporating up to 10mm installation tolerance.
- Chromed, solid brass self centering hinges.

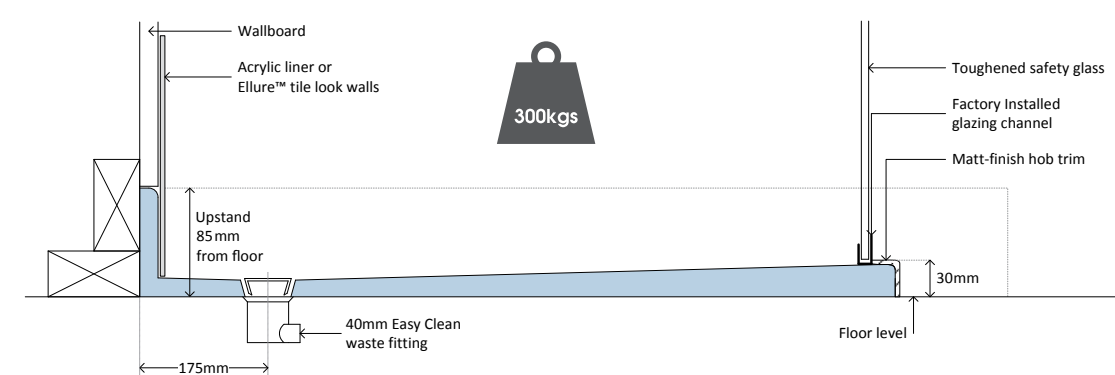

INSTALLATION

About Atlantis

An evolution in bathroom style and functionality.

Atlantis invented the EasyTile™ shower system in 1996, and have continued to develop innovative bathroom solutions since. Winning the Designex 'Most Innovative Product' award, Atlantis has secured a position as New Zealand's most premier bathroom system manufacturer. This is reflected in the high level of design and craftsmanship in every Atlantis product.

We operate from a purpose built facility in the new The Lakes area of Tauranga, within the beautiful Bay of Plenty.

To visit an Atlantis Design Centre, see back cover for details.

For more information on all of our products and product ranges, visit our website, www.atlantis.co.nz or call us on 0800 428 526.

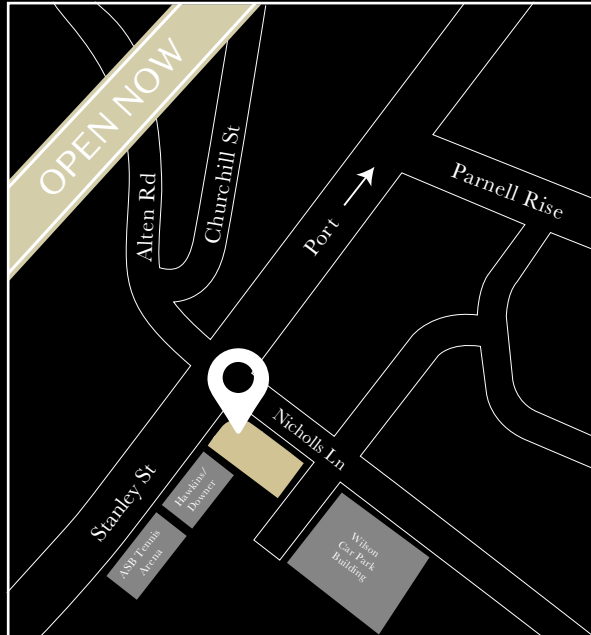

In the area? Find inspiration at one of our Design Centres.
