# Our Story

**Welcome to Voltsy Electrical, your trusted electrical contracting partner in Auckland, New Zealand.**

Voltsy Electrical, established in 2020 by Braedan Griffin, has swiftly become a trusted electrical contractor in Auckland. Specialising in residential and commercial maintenance, we are dedicated to delivering exceptional, tailored electrical solutions

We understand that every property is unique and requires meticulous attention to detail. That's why our team of highly skilled and detail-oriented electricians is committed to providing the highest level of service.

From the initial design stage to the final execution, we communicate closely with our clients, ensuring that every aspect of the job meets and exceeds their expectations.

Our mission is to deliver excellence in electrical contracting services, providing innovative solutions that enhance the functionality, efficiency, and aesthetics of your space.

With 8 years of experience and a deep understanding of industry trends and technologies, we are constantly pushing the boundaries of what's possible in electrical installations.

What sets us apart is our dedication to working within a structured framework that ensures consistency in reliability.

By actively listening to your needs and understanding your requirements, we can tailor our services to align perfectly, ensuring the utmost satisfaction throughout the entire process.

We take pride in delivering effective, efficient and cost-effective solutions without compromising quality or safety.

# What Clients Say

**"Turned up when he said he would, and did a fantastic job "**

"Very nice person to deal with. Turned up when he said he would, and did a fantastic job!!!! Would definitely recommend him to anyone, and we will certainly get him back again when we next need something done."

Cheryl

"The guys detected the issue; was prepared to come out late evening to ensure elderly parents had hot water until the problem could be solved. Outstanding level of service. Thank you and yes, we would highly recommend you."

Jane

"Highly recommend Voltsy. Great communication throughout the job and very prompt service"

Isaac

"These guys are up for the challenge and did a great job. Very clean, efficient and professional. I would recommend to anyone!"

Francois

"Voltsy came around to look at a tripped breaker for me, they had the problem fixed and power back on in a flash, was very professional and cleaned up after himself. Great service, would highly recommend!."

Brent

"Got a small job sorted for me, great communication and professional service. Job done well. I highly recommend Voltsy."

Campbell

**"Prompt communications. Quality and detail of workmanship is second to none."**

# Our Services

**"At Voltsy Electrical, we understand the significance of having reliable expertise right when you need it.**

**Whether it involves the design and installation on a new project, planned maintenance, or urgent electrical matters, our electrical team embodies streamlined organisation and a wealth of experience, setting us apart at the forefront of absolute reliability. Trust in us to consistently provide dependable and first-rate service, meeting all your electrical needs."**

**Braedan - Director**

- **Cable management systems:** We can provide design for cable management systems including PSI for seismic ratings.
- **Health & Safety:** We have an up-to-date health & safety policy and all of our electricians are site-safe certified.

# Our Team

## **Braedan - Owner & Managing Director**

Braedan is the founder and director of Voltsy Electrical. After returning in 2020 from an OE in Europe, he started Voltsy and has grown it to a team of electricians and an office manager. He's a bit of a foodie, loves to mountain bike and spend time at the beach with his dog Bella!

## **Amanda - Office Manager**

Amanda is employed as Voltsy's Office Manager and Health & Safety officer. With years of experience as office manager before joining Voltsy, Amanda has brought with her a wealth of experience. In her spare time you can catch her reading a book, gardening and spending time out on the boat (fishing or reading or both!).
