HOW IT WORKS...

Streamline your quote requests with Quicksew

1

Go to our website www.quicksew.com.au, select "Commercial" and browse our extensive range of products from the dropdown menu.

2

Make your selection, choose a quantity and select "Add to quote" You can then add other products to your quote as required.

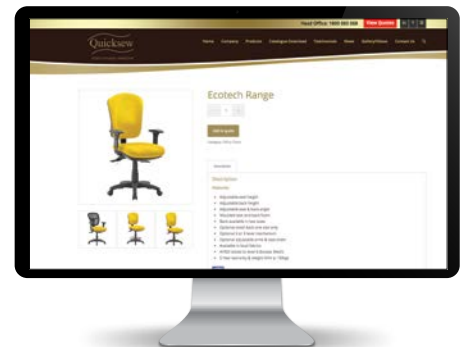

3

Simply select the "View eQuotes" button at the top of the page, fill in your details along with any other relevant information and click "Send Your Request" It is that simple!

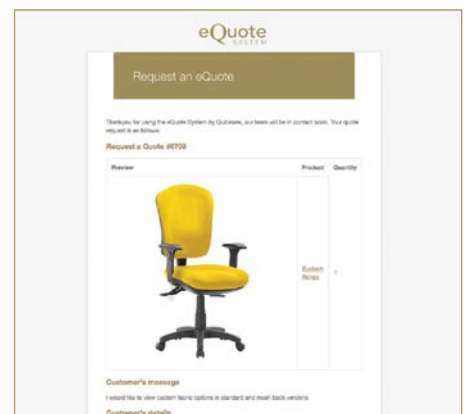

You will receive a confirmation email with the quote details and our team will be in touch to discuss options and pricing.

CREDENZAS

A good functional space always requires a sturdy yet good-looking credenza. In a boardroom or meeting room where furniture is at the centre of the room, a credenza adds practicality in storage and also anchors the room with a stunning showpiece.

Lock Options: refer to page 41

SELECTRIC SIT / STAND

SELECTRIC RANGE

The Selectric utilises European design and technology and is constructed with a sturdy steel frame, being powered by motor drives. Maximum height is achieved via telescopic legs. The Selectric operation allows the user to easily adjust the worktop height to their individual preference. The master controller also allows the user to set the minimum and maximum heights as well making it perfect for the home or corporate office alike.

Pop and Education Colours

Our commercial range comes in a variety of colours, thicknesses and sheet sizes specifically designed for commercial application. Our range of colours are available in MELAMINE making it easy for you to choose the design features you are looking for.

The commercial range will inspire unlimited design possibilities for any commercial environment and give your design concept a fresh and unique look.

Our commercial range is committed to an eco-friendly and sustainable environment. It is an intrinsic part of the way we do business daily.

Our decisions are made so that they have minimum negative impact on the environment. Our product is manufactured from managed and renewable plantation pine and is Australian Forestry Standard chain of custody certified. All products are manufactured from E0 or E1.

BLINDS & CURTAINS

Roller Blinds

With an extensive range of fabric and colour choices, roller blinds offer you a versatile solution for your window furnishing requirements.

Available in blockout, light filtering, sunscreen or a combination of both – one for day, one for night. With chain drive, linked, twin, spring assist and motorisation, roller blinds offer an affordable, practical and versatile window covering solution.

Options:

Twin Systems

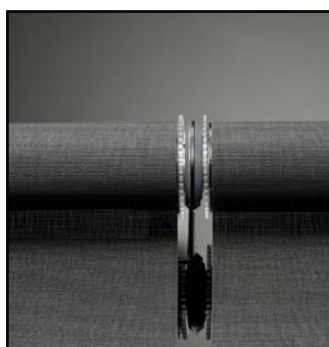

Chain Drive

Motorised

Remote control

Easy Link System

Automate Blind

Blackout System

Parts & Accessories

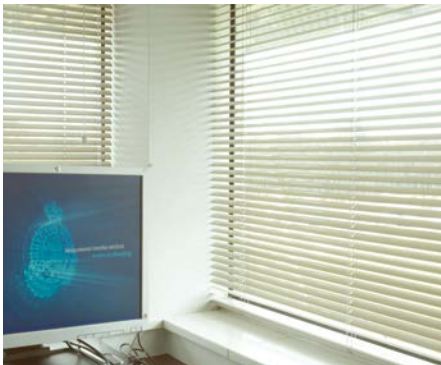

Vertical Blinds

With an affordable price tag, privacy and light are easily controlled. The slats stack neatly open allowing maximum viewing capacity. Vertical Blinds are available in a range of slat sizes and come with the option of centre open or side bunch.

Venetian Blinds

Venetian Blinds are available in cedar, basswood, timber look or aluminium with a range of slat sizes and colours. Offering practical light regulation and privacy control they can be fully raised or the blade angle adjusted to suit.

Panel Glides

Designed as a modern alternative to vertical blinds, panels move through multiple tracking channels with the use of a smooth operating wand that eliminates the need for chains and safety devices and enhances the sleek elegance of this simplistic blind. They can be opened to the left, right or centre making them the ideal covering for sliding doors and large windows. When open the panels stack neatly back behind each other. Fabric can be matched with roller or roman blinds to create a consistent decor throughout.

Roman Blinds

Roman Blinds combine the simplicity of blinds with the warmth of soft furnishing fabrics. A perfect stand alone blind, or together with curtains in the same or contrasting fabric. Roman Blinds have a classic and timeless look and are available in both blind fabrics and curtain fabrics.

Pleated Blinds

Pleated Blinds combine the soft appeal of a curtain with the versatility and simplicity of a blind. Pleated Blinds almost disappear when raised and minimal light gaps help to reduce glare. Available as a twin blind they are practical for day and night use. Select a sheer fabric to enjoy the view as well as a blockout fabric for privacy at night. Available in many colours, pleated blinds can become a striking feature lifting the mood and character of any room.

Pleated Blinds present the most versatile solution for unusual shaped windows from triangles to circles, skylights and conservatories no situation is too challenging.

Company Profile

From concept, through to design and completion, Quicksew provides high quality, beautiful, functional furniture and soft furnishings for your project, on time and within budget.

About Quicksew

Quicksew was established in 1977 by the White family as a soft furnishings manufacturer and has since developed into a nationwide concept, design and installation specialist of furniture and soft furnishings for a range of industry sectors including:

- Health and Aged Care:
- Commercial and Building:
- Educational; and
- Hospitality sectors.

In the 40 years of trading, we have gained industry knowledge and experience that we share with key decision makers and industry stakeholders through personal consultations, trade shows and exhibitions.

Our dedicated Sales & Marketing Team and Operations Team offer professional and informative concepts, design solutions, manufacture, and delivery from single item products to complete design and fit-out of furniture, window treatments, fittings and soft furnishings for new builds, renovations and refurbishments. We work within the customer's time and budget constraints to deliver products and service of the highest quality and excellence.

Our focus on providing excellent service is driven by our commitment to working with new and existing customers to help them create beautiful and functional spaces to enhance the experience of the individuals who use them.

Location and Service Area.

With the Quicksew head office and factory located in Bathurst in the Central West of NSW, our service provision extends to Queensland, NSW, ACT, Victoria and beyond. Our Sales Team will travel anywhere in Australia to introduce our business and work with customers. We arrange personal visits to ensure that we gain the best possible background knowledge to create a design concept that is unique. We do not just supply, deliver and install products, we help our customers make appropriate and practical choices. Our service is customised to meet individual needs and requirements using the latest design trends, textiles and products to create beautiful functional environments that are safe, aesthetically pleasing and financially viable.

Mission Statement

"To maintain our position as a leading manufacturer of curtains, blinds and soft furnishings, concept creator and supplier by continually enhancing and updating our product range and level of service to provide customers with unique and functional spaces."

To help us achieve our mission statement, we aim to:

- Provide the latest product information and technology
- Create schemes that are aesthetically pleasing yet functional that work within the customer's budget
- Manufacture curtains, blinds and soft furnishings of exceptional quality and finish
- Support Australian made furniture manufacturers as a priority
- Source and supply only the finest quality furniture that is durable, stylish and comfortable using resilient fabrics of the latest design
- Work within an Integrated Management System framework as a commitment to the International Standards for Quality Management ISO 9001:2015; Environmental Management ISO 14001:2015; and AS/NZS 4801:2001 Australian/New Zealand Occupational Health & Safety.

Continual research to find new suppliers and the latest advancements in products ensures that Quicksew is a leading supplier of furniture and soft furnishings. Constant contact with suppliers keeps us up to date with any advancements in product technology, performance and manufacturing.

Consultation, Supply and Installation Process

Quicksew is committed to building great relationships and offering personal attention to new and existing customers. The following procedure outlines the Quicksew process from initial customer contact to delivery and installation of product.

Step 1. Initial contact

Customers can contact Quicksew in person by visiting our Head Office Showroom in Bathurst or by telephone, email or via our website - www.quicksew.com.au. Our sales and marketing team actively seek out new and existing customers through email, telephone and personal contact.

Step 2. Introduction to Quicksew services and site consultation

A Quicksew representative arranges an appointment to meet with the prospective client to introduce our products and services utilising our catalogue, product samples and website. They will engage in discussion about site specifications, budget and any initial customer design ideas. We listen to the customer's requirements and needs so that we may supply the best product options that are fit for purpose.

Step 3. Sharing of information - Site plans, schedules and timeframe

Information is shared in person, online, via telephone, video conferencing and through emails. The customer will be asked for all available information about the site including plans/drawings, schedules/design brief or specifications and the timeframe for works completion.

Step 4. Estimating & quoting - quantifying & preliminary pricing

Based on the design brief, our estimating staff quantify products and fabrics and work out a preliminary quote that best reflects the customer's needs within budget. This is taken back to the customer for discussion and approval.

Step 5. Design concept & colour boards

Our design team put together colour and design concepts that reflect the look & feel that the customer is trying to achieve. Fabrics and products are showcased on colour boards as a visual representation of the initial quote. During the presentation, we seek feedback from the customer and offer alternatives and solutions before a decision is made.

Step 6. Final quote & customer commitment – Letter of Intent/Purchase Order

Once the final colour, fabric and product selections have been made, the final quote is sent to the customer for approval and supply timeframes discussed again. The customer then accepts the quote and commits to the sale.

Step 7. Handover to production

Upon receipt of either a letter of intent or purchase order, the quote is handed over to the Operations Department where it is entered as a sale and a deposit invoice raised and sent to the customer. The Operations Manager will contact the customer to arrange a final check measure. The project timeframe, site access and currency of plans will be discussed with the customer at this point.

Step 8. Ordering & manufacturing

Once the deposit has been received, the quoted products are ordered and manufactured. The customer will be notified if there are any supply issues regarding fabrics or product and if necessary, an alternative product offered. During the manufacturing and receipt of goods, all products are inspected for quality assurance to make sure they meet specifications. Furniture is stored at Quicksew's freight facility until all items on the quote are complete and ready for delivery.

Step 9. Delivery & installation

The Operations Manager will contact the site to arrange a suitable and convenient time for installation of window treatments and the delivery of furniture. Please note that the extent of furniture placement is dependent upon the initial agreement during consultation and acceptance of the quote terms and conditions.

Core Competencies & Organisational Achievements

To ensure ongoing quality of service and products, Quicksew implements an Integrated Management System and has achieved Best Practice certification for compliance with the three major International Standards for quality, safety and the environment.

ISO 9001:2015 – Quality Management System

ISO 4801:2001 – OH&S Management System

ISO 14001:2015 – Environmental Management System

Statements of Certification for each Standard included herein.

ISO Standards

The International Organisation for Standardisation (ISO) is an international standard-setting body composed of representatives from various national standards organisation. ISO International Standards ensure that products and services are safe, reliable and of good quality. For business, they are strategic tools that reduce cost by minimising waste and errors and increasing productivity.

By doing this, we have made a commitment that our company adheres to the requirements of the standards and takes into account

- the Quality Assurance and Management of business operations;
- the Environmental Aspects of the business to ensure we minimise or eliminate potential environmental impacts whilst maximising improvement and efficiency in the workplace; and
- the WHS hazards of the business to ensure we minimise or eliminate potential workplace injury and illness whilst maximising improvement and efficiency in the workplace.

NSW Government Accredited Supplier

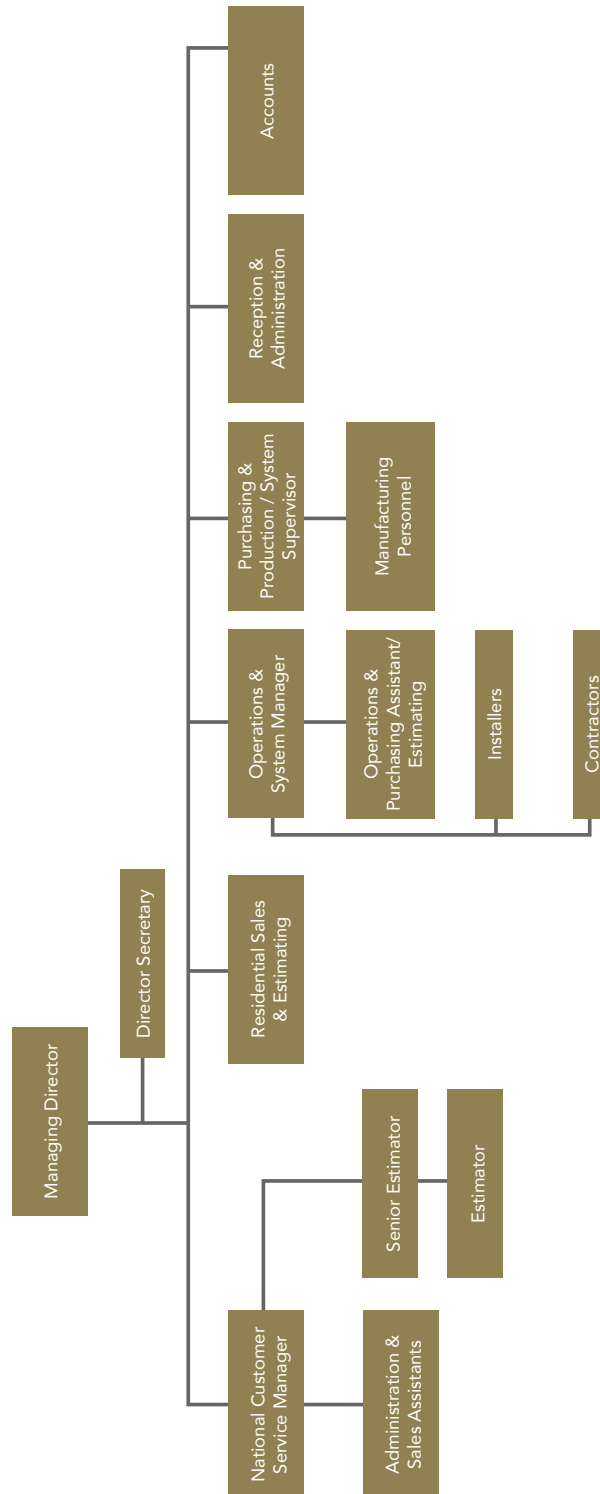

Quicksew is an approved supplier for NSW Government institutions and facilities through their NSWBuy Portal.

Personnel Profile

<p>Jonathan White Managing Director</p> <p>Margaret White Executive Secretary</p>	<p>Present owner and operator, Jonathan White has been Managing Director since 2000 when he bought the business from his brother. He and his wife Margaret, have built the business from a small manufacturer for the domestic and commercial market, to a leading manufacturer and supplier of curtains, blinds, furniture and accessories for hospitals, aged care facilities, schools, large scale commercial projects and hotel/motels.</p> <p>It is Jonathan's understanding of, and expertise in the industry that has driven the growth of the business.</p>
<p>Gaylene Anderson Operations Manager</p>	<p>Gaylene joined the Quicksew team in February 2015. Her experience in project management and site knowledge ensures high levels of management and involvement in all operational aspects of the business.</p>

<p>Sales, Marketing & Estimating Team 8 staff members Residential Commercial Health and Ageing</p>	<p>The Quicksew Sales Team continuously engage all stakeholders in meaningful consultation and communication about the latest technology and developments in products, design solutions and manufacturing. They work with the customer to provide information about single item products or the complete design and fit-out of furniture, window treatments, fittings and soft furnishings for new builds, renovations and refurbishments. Our sales team work within the customer's specifications, time and budget constraints to supply products and service of the highest quality and excellence.</p> <p>Their focus is to build and maintain relationships with key people including Head Office contacts, Architects, Facility Managers and Procurement Officers.</p> <p>Utilising their knowledge of product and fabrics, the Estimating Team correlates the information gathered through consultation with the customer and Sales Team to work out the costs of supply and installation.</p> <p>All prospective customers receive a detailed quote which is emailed, posted or hand delivered depending on the customer's expectations and requirements.</p>
<p>Operations and Production 9 staff members</p>	<p>Operations and Production Staff are responsible for the purchasing, ordering of raw materials, manufacturing, delivery and installation of customer orders.</p> <p>Working within Quicksew's Quality Management System ensures that products are manufactured, supplied and delivered to specification and of the finest quality and standard.</p> <p>Customer liaison is key to successful completion of projects and all communication is directed through the Operations Manager.</p>
<p>Installation Team</p>	<p>Supervised by the Operations Manager, products are installed by experienced and capable technicians and tested on site. Upon completion of installation, products are signed for by the customer.</p>

Quicksew
Organisation Chart

Products & Services

Quicksew has a proven reputation for the provision of versatile window furnishings, soft furnishings and furniture for hospitals, health and aged care facilities, commercial premises, educational facilities, hotel/motels, serviced apartments and resorts.

Quicksew Manufactured Products

Quicksew manufactures products of the highest quality using an extensive variety of innovative and stylish fabrics to suit any budget or application, and includes the following range of products:

Curtains – curtains, stage curtains, pelmets, swags and tails, bedscreens and shower curtains

Blinds – chain drive or motorised roller blinds, Roman blinds and hand drawn vertical blinds

Soft furnishings – bedthrows, bed runners, valances, indoor and outdoor cushions

Our great rapport with fabric manufacturers and suppliers ensures that we have access to the latest technological developments available, such as:

- acoustic management,
- thermal performance,
- infection control; and
- digital printing technology

Outsourced Products

We also offer an extensive range of window treatments and soft furnishings through sourcing and supplying products from other leading industry manufacturers and wholesale suppliers, which include

- Curtain tracks – including standard window track, S – Wave systems, stage tracks and motorised tracks
- Hospital tracks – including quick release and anti-ligature systems, IV tracks and shower tracks
- Venetian blinds – both timber and PVC
- Panel glides
- Shutters & awnings
- Bed Linen and manchester – including bedspreads either quilted or non-quilted, quilt inserts, sheets, pillows, pillowcases, blankets, mattress protectors and shower curtains
- Accessories such as lamps and lighting, mirrors, artworks and ornaments

Quicksew is a preferred supplier for the following manufacturers of window covering systems:

- Verosol – roller blinds, roman blinds, venetian blinds, and pleated blinds
- Vertilux – roller blinds
- Helioscreen – roller blinds and outdoor awnings

Furniture

We source exceptional quality indoor and outdoor furniture and work closely with Australian manufacturers to provide furniture that is fit-for-purpose, stylish and comfortable. We can adapt existing designs to meet special needs. Our range includes -

- Medical & bariatric products
- Bedroom sets including matching head & footrest, bedside tables, chest of drawers and mattresses
- Beds – standard or specialist beds and accessories
- Lounges, chairs, ottomans, dining settings, occasional tables and furniture
- Office furniture, task chairs & beam seating
- Outdoor chairs and tables

Services Offered

Our services include:

- Consultation with customers and industry stakeholders regarding the choice of colour palette and design concept presentation of design concepts to stakeholders and key personnel.
- Assistance with fabric and furniture selection that is fit for purpose, resilient, low maintenance, easy to clean, compliant with fire, health and safety regulations and environmentally conscious.
- Manufacturing of curtains, blinds and soft furnishings; purchasing of specialist indoor and outdoor furniture and products; and coordination of product delivery, project installation and fit-out.
