

PERFECT SQUARE DESIGN

CHANGE YOUR WORLD THROUGH DESIGN

CHANGING YOUR WORLD THROUGH DESIGN

Our Philosophy

We are passionate about creating environments that enable people to live their best lives and achieve their greatest potential. Our goal is to improve people's quality of life through better designed environments, buildings and developments.

Throughout the ages, the greatest minds sought to understand the principles and mathematical order of the universe. What they discovered was that every geometric shape, every animal, flower, shell, or great structure can be defined by and follow a strict set of rules.

Perfect Square Design gives tribute to these wonders and understands the value that nature and law have over quality in architecture. Our design philosophy is centred on systems of harmony and proportion.

Thus comes our passion for perfection in everything we do. We believe that every space – no matter the scale – deserves quality, proportion and harmony.

Our Vision

To be the most respected and recommended design firm known for our innovative thinking and value adding approach

Our VALUES

Service
Honesty
Advice
Professionalism
Efficiency

ABOUT OUR DIRECTOR

Gilbert Sayegh was born in Sudan to a family of Expatriates. As a child he travelled the world and was influenced by many cultures and values. As a young adult, after his family migrated to Sydney, he continued his school education and successfully completed his Architecture Degree at the University of Technology Sydney in 2012.

His passion for Architecture led him to become a partner in a local firm where he was exposed to all scales and fields of architecture and design.

In 2019, with all the valuable experience he gained, he founded Perfect Square Design with a focus on residential development. His passion for changing people's lives and their world drove him to this niche.

His vision is to grow a solid team of talent around him that shares his values and continues to help develop a better service to their clients.

Steven Y - Star Property Maintenance

Perfect Square Design is a very professional firm whom provided a final design to our satisfaction and exactly what we wanted. Gilbert and the team at Perfect Square Design went over and beyond for us and the end design was amazing. Highly recommended, easy to contact and always attend to your calls and needs promptly. Thank you Gilbert and the team at Perfect Square Design

Hashim N - Refresh Renovations

Perfect Square Design a team of professionals who won't spare an effort to deliver the expected outcome. My experience proved that Gilbert Sayegh and his team would exert an unyielding effort when dealing with difficult council issues. This is coupled with his exemplary customer skills and creative designs making him a perfect fit for my renovation building company. Highly recommended.

To be the most respected and recommended design firm known for our innovative thinking and value adding approach.
