Bungalow & Villa Fitments

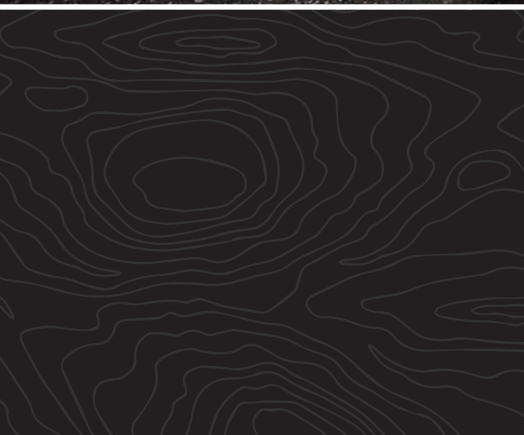

Here at Craftbuilt we admire old villas and love to add a touch of personality with our quality fretwork and lacework.

Available in many different styles and sizes to fit your architectural design. We offer an ability to manufacture ornate brackets or fretwork based on an existing design or we can custom design one for you. These provide the finishing touches on your new build or renovation project.

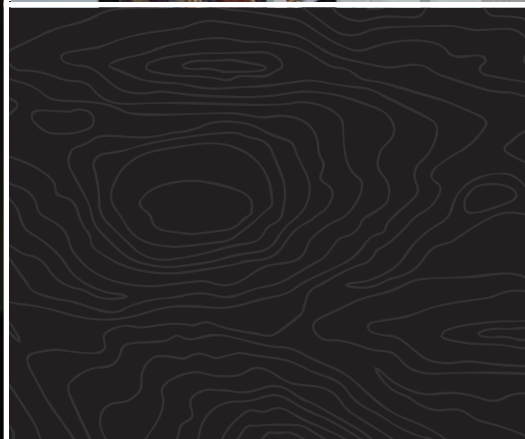

Brackets & Fretwork

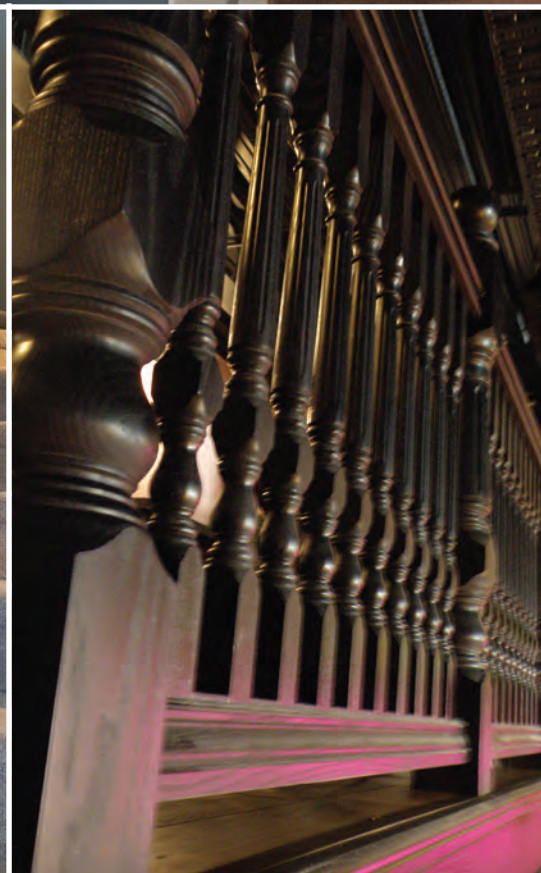

Brackets and fretwork are available in many different styles and sizes to fit your architectural design. We offer an ability to manufacture ornate brackets or fretwork based on an existing design or we can custom design one for you. These provide the finishing touches on your new build or renovation project.

Corbels

Corbels are architectural brackets used to support beams or shelves, or simply for decoration. Whether you're creating a country-style kitchen or adding interest to a plain shelf, our range offers options to suit every taste. Available in Paint Quality, Rimu, and Radiata as standard, with custom species available on request.

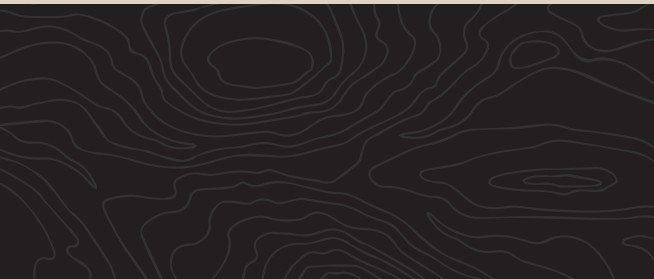

Woodturning

Available in a wide range of styles and sizes to suit your architectural design, our woodturning, finials, and balustrades bring both detail and craftsmanship to any space. Whether you're matching an existing style or starting from scratch, we can replicate traditional designs or create something uniquely yours. Ideal for staircases, entrances, and feature areas, these pieces add character, elegance, and the perfect finishing touch to your new build or renovation project.
