Mirrors

Portals into other worlds

A mirror can be a window into mystery. A surface of reflective glass enclosed in a frame that recedes discreetly. Or one that becomes a doorway into all the mirror reveals, bringing its own tale of design and desire. Desejo's family of mirrors reflect. But mirrors have other powers. They amplify light. They create an illusion of space. Carefully placed in your hotel, gallery, restaurant or home, they become features that capture and share energy. Choose how you would like your story told in a mirror from Desejo.

Tell your story

Desejo means desire in Portuguese. As founder of Home Factor, creating beautiful homes in New Zealand that blend design influences from across the world, I was inspired to go further. To search the world for genuinely unique, superbly crafted and daringly designed homewares that would complement and elevate any space. My search was successful and we have formed some exclusive relationships with designers and manufacturers to bring you exquisite lighting designs, bold door furniture and distinctively original furnishings. Pieces with the power to transform an apartment, a home or villa, office or boutique hotel, from a fine restaurant to waterborne retreat. Whether you're creating a personal sanctuary, or expressing yourself as an architect or designer on behalf of a client, the pieces you choose reveal something deeper. Through their form and nature, they reveal a glimpse of who you are. What you choose tells a story. Your story.

Priyanka Sareen

Partner Brand - Luxxu

Desejo grew out of the successful architectural, design-driven home building business Home Factor. In seeing the pleasure brought by beautiful homes, the founders, Priyanka and Rohit, decided to launch a complementary business that deepened the impact beautiful spaces have upon us, by making the most desirable and beautiful homewares available also. We understand the pleasure and comfort that unique furnishings, daringly original lighting and boldly imagined door furniture bring. How they transform a room. How they allow us to reflect our tastes and personal stories through what we choose.

That's why we've partnered with an amazing mirror brand, LUXXU, that we are proud to invite you to discover.

LUXXU was born as a unique lighting brand. Driven by the dazzling success of the lighting segment and the desire to elevate design to a new dimension, LUXXU uncovers a crucial imperial complement, a furniture collection. A new epoch unveils to offer a disruptive idea of creating environments where conceptual design shines. This new brand philosophy is translated in handcrafted pieces of imposing and elegant lines and its quality, making any environment a symbol of sophistication and comfort.

Luxxu Modern Design & Living is a brand that creates daring designs, offering the best of both design and art, proving to be remarkable in the life history of those who acquire them.

More than a brand, their purpose is to involve you in a unique experience, where luxe, design and elegance are combined to create a strong atmosphere.
