OTHER OPTIONS FOR DESIGN JUNCTION FENCE PANELS

Our fence panels are available in a range of sizes and in completely custom sizes.

We have stock designs done for most panels done at:

- 1800 x 1100
- 1500 x 1100
- 1200 x 1100

Our fence panels are available in the following materials:

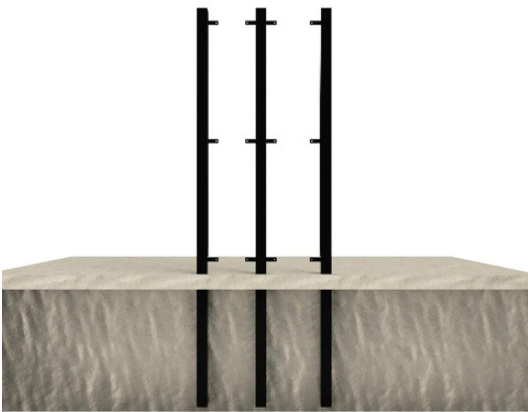

- Corten steel (Rust Patina)
- Powdercoated Mild Steel
 - All Dulux Powdercoat Colours
- Powdercoated Aluminium

FLANGE MOUNTED FENCE POSTS FOR DECKS AND PATIOS

Fence posts with mounting brackets are perfect for installing fence panels or privacy screens around patios, decks and other hard surfaces. Available in plain steel (suitable for Corten Steel Fence) and Powder Coated Finish.

- Made from 75 x 75 mm steel extrusion
- 3 mm steel lugs with 6.5mm holes for fence mounts.
- 5 mm bottom mounting brackets with 8.5mm holes for extra strength
- Welded post caps for clean elegant look
- Posts 50 mm higher than fences panels (contact us to change this dimension)
- 50mm gap below fence panels. (contact us to change this dimension)
- Default gap between posts and fence panels 25 mm. (contact us to change this dimension)
- Easy to install with suitable bolts or screws.

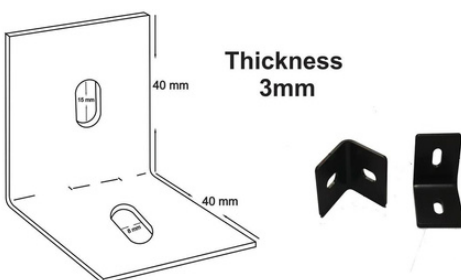

IN-GROUND FENCE POSTS TO BE BURIED INTO SOFT GROUND

Fence posts with extra length are perfect for concreting into soft ground. So easy to install fence panels or privacy screens around your property.

Just dig suitable holes with a post borer and concrete the posts in for a strong durable fence.

- Made from 75 x 75 mm steel extrusion
- Available in raw steel finish (suitable for Corten Steel panels & Powder Coated finish.
- 3 mm steel lugs with 6.5mm holes for fence mounts.
- 5 mm bottom mounting brackets with 8.5mm holes for extra strength
- Welded post caps for clean elegant look
- Posts 40 mm heigher than fences panels (contact us to change this dimension)
- 50mm gap below fence panels. (contact us to change this dimension)
- Default gap between posts and fence panels 25 mm. (contact us to change this dimension)
- Easy to install with suitable bolts or screws.

MOUNTING BRACKETS FOR WOODEN POSTS

Mounting brackets make installing the panels easy. Available in corten steel (suitable for Corten Steel Fence) and Powder Coated Finish.

- 3 mm steel brackets with 8.00 mm slots for fence mounts.
- Easy to install with suitable bolts or screws.
- Colour matched with fence panels when bought together (black by default).
