*Welcome, feel right at home.*

# *Your smarter, more sustainable future starts here.*

At Green Homes, we believe a home is more than just a structure - it's where you grow, create memories, and find comfort.

We build homes designed to nurture generations, prioritise well-being, and provide year-round comfort with remarkable energy efficiency.

Rather than just building to code, everything we do is about providing you and your loved ones a better tomorrow and future-proofing your home so you can leave a legacy for generations to come.

When you choose **Green Homes**, you choose a healthier, greener future for your family. We're all about providing solutions; together, let's craft a space that doesn't just meet your needs but exceeds them.

Warm regards,

**Mick Fabar**

*Green Homes Group CEO*

# What makes a Green Home *unique*?

Unlike traditional builds, our homes are designed to be:

- **Healthier:** Superior air quality and moisture control.
- **More Efficient:** Year-round energy savings.
- **Sustainable:** Built using environmentally-conscious practices, products and supply partners.

Our innovative designs and specifications go beyond the New Zealand Building Code, setting us apart from most other builders and giving you peace of mind.

*Yes! We can modify all plans to suit your preferences, budget, section size and orientation.*

# Customise your environment with GreenSpec.

GreenSpec gives you the flexibility to prioritise the green aspects of your new home that matter to you and your family the most, and it's this exclusive approach that sets Green Homes apart.

Each specification builds on the last, allowing you to create the perfect balance of sustainability, comfort and design.

Every building component within GreenSpec has its own “shade of green,” allowing you to choose your level of performance — from a lighter shade that exceeds Building Code, to deeper shades approaching the highest efficiencies and net-zero homes.

For some, this means a warmer, drier home that costs less to run. For others, it means pushing the boundaries of energy efficiency and sustainability. **There is no right answer — only the one that suits you.**

## Essential

A smarter foundation for a healthier home.

The Green Homes Essential Specification delivers a home that exceeds NZ Building Code requirements in key performance areas. It is designed to provide solid performance gains without overcapitalising — ideal for those wanting a healthier, more resilient home as a starting point.

## Enhanced

Optimise balance, comfort, performance, and value.

The Enhanced Specification builds on Essential by significantly improving thermal performance, indoor air quality, and energy efficiency. Thoughtful material choices and construction techniques are used to strike the right balance between high-end performance and cost efficiency, delivering a noticeable lift in comfort and sustainability while maintaining cost control.

## Net Zero

Designed to generate as much energy as it uses.

The Green Homes Net Zero Specification is tailored for clients aiming for energy neutrality. By combining high-performance construction methods, an advanced thermal envelope, energy-efficient systems, and solar integration, this specification minimises environmental impact while maximising long-term resilience.

## Distinction

High-performance living, designed with care & intention.

The Distinction Specification is for those seeking a home where comfort, efficiency, and build quality are taken to the highest practical level. Using advanced building methods, superior insulation strategies, and refined energy systems, Distinction delivers a consistently comfortable, quiet, and energy-efficient living environment — approaching semi-passive performance where appropriate for your local climate.

*Green Homes focuses on the important parts of sustainability, organises them into a clear system, and works with you to achieve your priorities.*

## SPACE MAXIMISER

Little but lofty, our Lochy plan has been one of our top sellers with other design options also available.

Perfect for higher density zones this home really packs a punch when it comes to maximising all available space.

This ultra-economical and energy-efficient layout offers splendid open-plan living, a raking ceiling and three bedrooms with well-laid-out bathrooms. Young couples, sole occupants, retirees and small families are bound to fall in love with the Lochy.

## SUITS SMALLER URBAN SITES

The Heron is a smart plan incorporating elementary design and layout - perfectly suited to narrow sections.

The privately located open-plan living is a real highlight which leads to a terraced outdoor area that will beckon you to bask outside.

You'll be pleasantly surprised that it easily accommodates three bedrooms with a well-situated central bathroom. If you'd love a bijou home and your budget is tight, we know that this plan will really delight.

## NICE & NARROW FOOTPRINT

Just perfect for slim sections the Kaituna is not only adorable but also possesses just the right amount of street cred.

The raking ceiling provides the feel of extra space you'd want in a smaller home and it further complements the clever layout to maximise roominess. If you live on your own, you're a young couple getting onto the property ladder, or you're downsizing and wanting to build new - the Kaituna is calling!

## SENSIBLY SAVVY

The Selwyn just beams versatility featuring a long flowing lounge and dining area (with butler's pantry) and an extra living room that will harness all the sunshine you need. Sensible yet savvy this home is brilliant for boisterous young families who are ready to build timeless memories together.

The main bedroom and ensuite are well-positioned for privacy and this plan also has good-sized rooms and a separate laundry - *plus* it's economical to build.

## VAULTED CEILING

The Medway will see you make headway. The highlight has to be the cathedral ceiling in the kitchen and the living areas exuding an airy sense of freedom throughout. The third bedroom is well-positioned as an optional study for those who want to work from home in style.

With sheltered outdoor living and bundles of space above the garage this plan isn't just appealing from the street, it's extremely practical too.

## ECONOMICAL DESIGN

Along with its dashing demeanor the Caples flaunts a well-laid-out kitchen, a handy walk-in pantry, with sunny dining and family areas. An extra lounge will allow you to put your feet up with a book in peace, or watch that thriller Netflix series - your guilty pleasure!

The spacious main bedroom accompanies a secluded ensuite only accessible via the walk-in robe, which adds to the overall appeal of this warm, healthy and energy-efficient home.

## WHĀNAU-FRIENDLY

Our Stafford plan is a real looker and street smart too.

It's been strategically designed for sun soaked socialising with the kitchen, dining and living areas spilling out to delightful alfresco and terraced areas (with the latter also accessible from the main bedroom).

Bedrooms and bathrooms are all conveniently positioned making this a truly awesome family retreat.

## PERFECTLY PRACTICAL

Introducing the Waipara, where a sensible layout meets aesthetic appeal.

Ultra-practical and stylish, it also includes a spacious kitchen with butler's pantry, dining area and two living rooms. It covers the key attributes most of our clients continually ask for in a home, with a bit of X-factor too!

The welcoming skylit entranceway gives the home an airy feel, it also features a beautiful cathedral ceiling throughout the kitchen, and living zones. The main bedroom has a lovely walk-in robe and ensuite plus its own cute box window to add to its uniqueness.

## POPULAR PLAN

One of our most loved showhome designs, the Bowen is a true street stunner. Its striking pitched roof and raking ceiling create impressive height and light, while sunny open-plan living and well-zoned bedrooms suit families, couples, and retirees alike. With a study nook, extra laundry space, and a generous terrace, the Bowen delivers modern living with an edgy architectural feel.

## CATHEDRAL CEILING

The Waikawa plan features kitchen, dining and living zones embraced by a heavenly cathedral ceiling uniting two terraced areas - ideal for your mid-summer mingling. Don't let the simple and sleek exterior fool you - inside, a vaulted skylit entranceway entices the eye and leads to the sleeping areas, including a privately positioned main bedroom for extra seclusion.

Just add the convenience and functionality of a walk-in pantry and separate laundry, this home has everything you need and so much more.

## SOPHISTICATED STYLE

The Tairua represents style and sophistication. On first impression its 'twin peaks' roofline demands your attention by pulling your focus towards an attractive recessed entranceway in the middle of the home. A sizeable and well-proportioned kitchen (with butler's pantry) and living area open out to a large sunlit patio.

This plan is optimally sized for a family, or as a comfortable retirement pad, whether it's beachside or in the 'burbs. Practicalities aside, its gorgeous street presence will appease the most discerning of tastes.

## SUN MAGNET

Was this plan just born to accommodate your family? If you're a heat seeker you'll love the sunny layout.

The highlight of the home has to be the bewitching raking ceiling that spans from the entranceway into a generous kitchen, dining and living area.

With well-sized bedrooms, including a large walk-in robe off the main bedroom, a designated study nook and its own laundry (with the bonus of a drive through garage) - this energy efficient layout is bound to impress your guests.

## STOIC & STATELY

The Maruia is a stunning family retreat, with sun-filled open-plan living and a hidden walk-in pantry at its heart. Expansive outdoor areas and soaring ceilings create the perfect backdrop for entertaining, while open bifolds connect to a second lounge for a more flexible lifestyle.

The main bedroom boasts a walk-in wardrobe and luxurious ensuite, with two further bedrooms served by a central bathroom featuring a freestanding bath. The 3.6 metre ceiling height with surrounding windows allows light-filled spaces and privacy even if neighbours are close.

Elegant, functional, and effortlessly inviting.

## OPTIMISES SPACE

The Karamea has a user-friendly layout that adds to your overall sense of space.

The kitchen & living area is a central hub for socialising and reviewing the day's events while the bedrooms are nice and separate - this home would also be a fabulous rental.

Excellent for urban sections - the opportunities are endless.

## SPACIOUS LIVING

Delightfully deceptive on the surface, the Huxley quite surprisingly accommodates four bedrooms, and a wonderfully cohesive kitchen, dining, living area.

A media room will help dampen the noise of your audible teens - or you could just retreat to your well-sized main bedroom at the back of the home for some calm and tranquility.

Despite its agreeable but unassuming exterior the economy of space within will impress.
