H I B E R N A T E

Driven by the desire to stay at home and enjoy your outdoor space the Hibernate brand was created.

Our products are designed to be beautiful, functional and create an environment you don't want to leave.

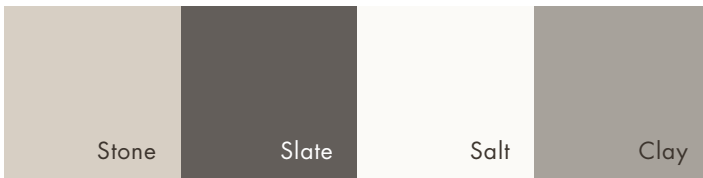

Hibernate pots are handcrafted. Each product will have slight imperfections and colour variations. This is what we love about them.

The range consists of a variety of shapes, available in 3-4 sizes. They are constructed of fibreglass and painted in four contemporary colours - Stone, Slate, Salt and Clay.

## Colour range

## What's your angle?

Each Hibernata pot range was designed with a specific angle at the base of each pot. Available in four angles — 86, 87, 90 and 92 degrees, there are four colours and a range of hanging, tall, short and ribbed, offering a solution for all spaces in your home.
