# Luxe Walls' wallpapers are designed to be DIY

Unlike traditional wallpaper, there's no need for messy glue, costly wallpaper for installers or the need to steam for removal.

Our peel and stick wallpaper allows for easy installation and the ability to transform your room in an instant.

All Luxe Walls' products are crafted from premium materials and boast a peel-and-stick installation process.

Three textures are offered: Luxe Canvas, Luxe Linen and Luxe Crushed Stone. All textures are repositionable, with Luxe Canvas also being 100% removable.
