

MY LITTLE PUB

How it works

1. **Choose your style pub**

Either the Little Irish, Little English or a Custom Design

2. **Choose your base model**

Silver, Gold or Platinum

3. **Personalise your pub** through a range of options including your own name, colours and themes

4. **The pub turns up at your house** with all the memorabilia and dressing already set, you plug it in and get the chiller cooling

5. **Time to enjoy**

Next Steps

Consult & Quote Phase

We'll talk you through your ideas and preferences and develop a customised proposal

Production Phase

Once a design is approved we book you in a production slot based on availability and your timeline

Delivery Phase

My Little Pub will arrange the delivery, set it up and hand over the keys.

Your Little Pub will be ready to go, complete with the memorabilia hanging on the walls.

You don't have to do a thing.

Why do you need a Little Pub?

My Little Pub creates exceptionally crafted spaces that are brimming with character and atmosphere, quickly becoming a meeting place for friends and family to gather and enjoy themselves.

Each Little Pub is personalised for every new Little Publican. Whether it's an Irish Pub, and English Pub or something more custom, whether it's black, green or the colour from a family coat of arms, the choice is yours.

Inside, your historic family photos hang on the walls, while the pieces of memorabilia you have collected over the years find their pride of place in the showcases or on the shelves alongside authentic handpicked items. All these treasures make it a fitting place to sit and reminisce.

Your Little Pub sits only a few steps from your back door, yet you feel yourself being transported to the middle of a bustling street where the bars are aplenty and the atmosphere is electric.

Why us?

Because quality, details and service are important to us and you can trust us to deliver.

Every piece of My Little Pub is well thought out. We have tested and trialed different layouts, sizes and materials to make sure that each version feels like a real pub.

Atmosphere is key.

Each Little Pub is filled with bespoke joinery, crafted especially for you. Your Little Pub is made by Master Joiners in partnership with top of the line technology and machinery using the finest materials.

And don't forget about the handpicked selection of memorabilia carefully positioned on the walls and shelves.

In short, we are passionate about ensuring your Little Pub is perfect, right down to the little details. That we can promise.
