

Design & Decor

*Creating beautiful interiors that reflect
your personality and complement
your lifestyle ...*

Proud winner of the 2018 KBDI
Queensland Small Kitchen
Designer award

Live Beautifully

When it comes to interior design and decorating, many homeowners know what they like ... but they're not sure how to put it all together.

That's what we're here for. At RJP Design & Decor, we offer expert home design and decoration advice and solutions, to help turn your design visions into a reality.

Our services are tailored to your style, budget and situation. We can manage your entire project from concept to completion, or simply supply you with cost-effective ideas, recommendations and design advice. Either way, as award-winning and highly experienced design professionals, we take a collaborative, client-focused approach to transform your place into your space.

Services Include

- Kitchen and bathroom design
- Interior and exterior colour schemes
- Layout and space planning
- Furniture selection and placement
- Assess and re-style existing spaces
- Interior design and product selections for new builds and renovations
- Pre-sale home makeovers and property styling
- Bespoke window treatments

Testimonials

"...We're happy to recommend Rosanna for projects from the modest to the grand. She listens to the brief, gives advice, and will achieve a result within any reasonable budget for the scope of the project. She is tireless in sourcing solutions to meet the design brief, and probably spends more time than she should to ensure that clients are fully satisfied." - M Weaver

"I would highly recommend Rosanna for any renovation work you are considering around your home. Rosanna is a professional and I am so happy we went with her plans in re-modelling our en-suite and walk-in-robe in the master bedroom. We also love the colours Rosanna suggested for the wall and floor tiles." - J Law

"Where to start Rosanna from RJP Design and Decor? "Worlds Greatest Designer" seems appropriate. The Kitchen/living, Bathroom and Ensuite designs you created for our forever home always looked great on paper but to see how they have come to life is mind blowing. Your attention to every little detail in gaining us so much storage space and providing us with not only functional rooms, but creating such beautiful spaces for us to enjoy." - J Rose

Easy, Affordable & Fun

Interior Design The RJP Way

At RJP Design & Décor, we are passionate about creating inspiring interiors that align with your budget and lifestyle. We also believe that quality interior design should be accessible to everyone. That's why we offer a friendly, affordable and personalised service — we want you to enjoy the process as much as we do.

Our principal designer, Rosanna Pappalardo, has a genuine passion and flair for design, backed by 15-plus years of experience. She'll expertly guide you through the maze of colours, finishes and furniture selections, provide practical advice and solutions, and help you make choices that you'll love living with year after year.

Interiors For Living In

Rosanna understands the importance of balancing beauty with practicality. She creates interiors that are for living in (not just for looking at!). As well as the skilful use of colour and finishes, she gives careful consideration to the 'invisible' elements that make a space function well, such as storage, traffic flow, light and privacy.

Interiors For Living Out

Being a Sunshine Coast local means that Rosanna also inherently understands the importance of outdoor living in the Queensland lifestyle. The outdoor space is often left out of the thought process with interior design, and we believe that it shouldn't be!

The Process

1. **Briefing.** We'll have an on-site meeting to chat about your requirements
2. **Concept.** Your designer will provide some initial concept sketches and design alternatives for your project, as well as some options for finishes, fixtures, hardware, colours and accessories.
3. **Design development.** The design is fine-tuned based on your feedback and input.
4. **Final design documentation.** Now you get to buy the champagne and sit back and relax while we transform your design concept into a comprehensive set of detailed plans.
5. **Manage design rollout.** Your designer can oversee the construction aspect of your design project (whether that's painting and hanging new window coverings, or a whole new kitchen or bathroom). No fuss, no stress.
6. **Time to enjoy.** After completion we will be in touch to ensure that you are absolutely in love with your new spaces. We may ask for a few photographs to illustrate our work, or for a review on our services.
