

THE WOODSMITHS

THE WOODSMITHS

Solid Wood Stair Treads Balustrades & Handrails

The durability, warmth, and strength of solid wood stair treads make it an excellent choice for commercial and residential properties.

All stair treads, landings, balustrades and handrails are custom made to any size and design.

Treads can be sent raw or finished in an oil or lacquer and can be stained to the clients particular taste. We offer a large selection of timbers to choose from to get the right look and feel for your property.
