

Super White™ 9300

TALOSTONE® - *Your Natural Choice*®

Colour Name:	Super White™	Surface Finish:	Matte
Range:	Premium Marble Range	Nominal Slab Size:	3200x1600x20mm 3200x1600x12mm

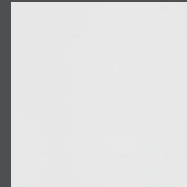

Super White™ - A highly sought after luxurious stone, our Super White™ is bound to impress. It's stylish appearance is defined by significant natural elements consisting of elegant tones of cool grey colours contrasting dark grey veining. Make a bold statement or contrast with a beautiful or sublime neutral palette.

The above colour palette selection from **polytec** are options given to compliment Talostone® range. Please speak to your architect/designer for your colour selection of different materials. For samples of **polytec** door colours, please contact **polytec** or visit polytec.com.au for more information.

Colours, shading and quartz distribution may vary between samples and actual slabs. For Talostone® colour selection, samples are intended only as a representation of background and vein colours but not the full slab design. Please find your nearest Talostone® showroom and display to view the full slab design. The colours in this brochure are to the highest standard in modern printing, however, should be only used as an indication of actual product design. We recommend making a final colour selection by viewing large slabs in your nearest kitchen retail showroom or stonemason factory to appreciate the movement of the design over a large surface.

TALOSTONE® - Your Natural Choice®

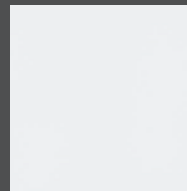

Colour Name:	Calacatta Oro™	Surface Finish:	Polished	Matte
Range:	Premium Marble Range	Nominal Slab Size:	3200x1600x20mm	

Calacatta Oro™ - Presents a superb intricate array of golden beige veining. The simple yet sophisticated intertwining of contrasting whites contribute to its opulence and sophistication. Its beauty is bound in inconsistencies and varieties. Calacatta Oro™ is a stone that makes an understated contextual statement for a range of design projects.

TALOSTONE® - Your Natural Choice®

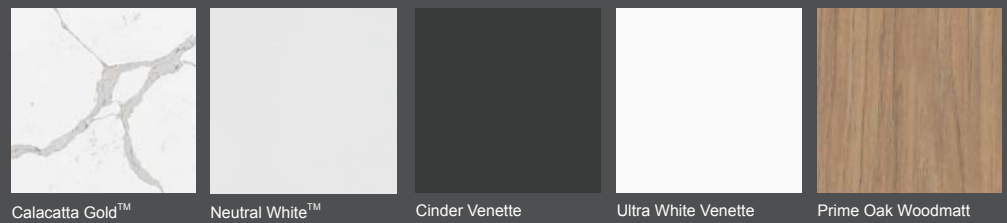

Colour Name: Calacatta Gold™	Surface Finish: Polished	Matte
Range: Premium Marble Range	Nominal Slab Size: 3200x1600x20mm	

Calacatta Gold™ - Was the first colour of the Premium Marble Range to be introduced in 2014. It features a classic antique white background with soft, muted grey swirls that are lined throughout with delicate golden veins. At once classic and luxurious, Calacatta Gold™ is a beloved choice for all kitchen applications.

TALOSTONE® - Your Natural Choice®

Colour Name: Marmo Gris™ **Surface Finish:** Polished Leather Honed
Range: Marble Range **Nominal Slab Size:** 3200x1600x20mm

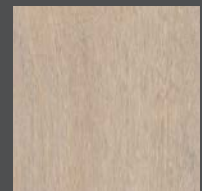

Marmo Gris™ - Is perhaps our most intricate hue, with subtle and muted shades of light and dark tones of golds, greys and antique white. Its cloudy softness betrays the intricacies of marbling without the strong lines and veins which are more prominent in other hues. Offered in both a polished and leather honed finish, the backdrop of Marmo Gris™ brings both dark or light cabinetry to life.

Surface Finish: Polished
Nominal Slab Size: 3200x1600x20mm

Desert Grey™ - lends an industrial sophistication to a natural, earthy tone. Its aesthetic appeal conveys durability, practicality and simplicity. It is a natural fit for both an outdoor setting, and for indoor settings which highlight the colors of nature.

Talostone® Colours

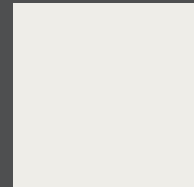

Desert Grey™

Polytec Door Colours

Maison Oak Ravine

Blossom White Matt

Stone Grey Matt

The above colour palette selection from **polytec** are options given to compliment Talostone® range. Please speak to your architect/designer for your colour selection of different materials. For samples of **polytec** door colours, please contact **polytec** or visit polytec.com.au for more information.

Colours, shading and quartz distribution may vary between samples and actual slabs. For Talostone® colour selection, samples are intended only as a representation of background and vein colours but not the full slab design. Please find your nearest Talostone® showroom and display to view the full slab design. The colours in this brochure are to the highest standard in modern printing, however, should be only used as an indication of actual product design. We recommend making a final colour selection by viewing large slabs in your nearest kitchen retail showroom or stonemason factory to appreciate the movement of the design over a large surface.

T TALOSTONE® - *Glow - Natural Choice®*

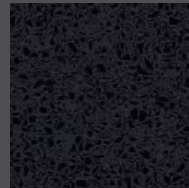

Colour Name: Black Pearl™
Range: Standard Range

Surface Finish: Polished
Nominal Slab Size: 3200x1600x20mm

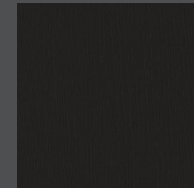

Black Pearl™ - Contains all of the lustre of silky black, but with a slight pearly sheen. This sophisticated black hue is perfect for kitchen splashbacks and benchtops, but is also suitable for more practical work or office applications.
