

TRADE ME, WELLINGTON

2014

PROJECT DESCRIPTION

HMA secured the commission for this fit out through an invited 'concept and proposal' competition. The fit out is located on 3 commercial office floors in a new multiuse building currently being constructed at 1 Market Lane in Wellington. The key concept is to provide a sense of 'New Zealandness' to the fit out; a kind of eclectic collection of objects, materials, textures and finishes, but combined in a legible and cohesive whole. This approach is, in some respects, a reflection of the collection of companies that come under the Trade Me umbrella.
