VERTEX ZIP SYSTEM

VERTEX ZIP SYSTEM

Aesthetical privacy with hi-tech functions...

New Series Vertex Zip Screens are designed to represent solutions of aesthetic appeal and contemporary complement with its unique fabric guide technology concealed within the side channels.

Vertex is motorised external blind which is extremely durable, practical in use and provides great flexibility for outdoor and indoor living areas. System can be integrated for increased functionality of spaces such as restaurants, terraces, balconies, either private or commercial. Simple and stylish design of the system means it can be incorporated into new or existing buildings and Suntech systems with an extensive range of frame and fabric colour options.

Minimal slimline design of Vertex 95 fits in Eva model perfectly. Vertex 130 serie is ideal solution for Suntech Standard LT & XL models. Vertex 150 is developed to function in a complementary manner with Privée models.

This extensive serie is redefined the simple design for minimal look characterised by architectural demands. The zip external blinds are engineered for ease of installation, flexible application and long durability.

Furthermore the patented locking mechanism secures the fabric in the lower position which ensures even tension on fabric and fully hidden motorisation system allows ultimate control of your living space with a single touch.

Thanks to large range of fabric options system provides maximum protection against solar radiation and penetration of heat while preserving the optimal level of natural light in the interior and contact with environment. The production technology of fabrics ensures a high resistance to external influences such as wind or changes in temperature and humidity.

Thanks to clever interlocking parts and self-aligning side channels, each system offers a perfect fitting from edge to edge with no gaps and provides a stylish and simple finish. It also has specially designed zipper which is welded to the edges of the fabric to create seamlessly operation and control of sunlight. The zipper is securely held in the side channels which allows the fabric to run freely and quietly while preventing the fabric to pull out of the channel.

VERTEX ZIP SYSTEM

The minimalist, slimline, contemporary design of the zip system provides comfortable shade and protects against the UV rays. The system includes motorised painted aluminium structure, entirely powder-coated with stainless steel bolts and screws.
