

WOODSMAN[®]
PROJECTS

Who are Woodsman Projects?

Established in 2016 by three friends, Woodsman Projects was created by Nathan, Nick & James to offer consumers a high-quality build with a no fuss approach. Our core principle was to develop a strong brand of being trustworthy builders that deliver on promises. Our years of industry experience have enabled Woodsman Projects to deliver a high-quality build that is unrivalled and sets us apart from the rest.

Woodsman Projects continually sets the benchmark in the building industry by offering a unique, personalised experience whilst priding ourselves on honesty & transparency. These principles have allowed us to develop 'The Woodsman Way' which is the core principles and values instilled within the company.

Multi Dwelling
Developments

Client & Project Focus

Woodsman Projects ensure that you as our clients remain involved in the building process, via selected communication methods and scheduled site visits throughout the building process.

- Maintaining an open and flexible business relationship.
- Clearly understanding and evaluating our client's objectives and working as a team towards the success of the project.

All domestic works carried out come with a 6-year structural guarantee and a 90 day defect liability period.

Woodsman Projects Pty Ltd is an established building company specialising in property development as well as new residential homes and townhouses, renovations, extensions and custom built homes.

Advantages of building through Woodsman Projects

- High attention to detail through our vast building experience with numerous homes and developments successfully completed.
- Our subcontractors are dedicated industry professionals, and we only employ the best. Our relationships with our subcontracts have spanned many years, meaning consistency in craftsmanship is always achieved.
- We are purely focused on making sure you as our client are put first throughout the build. We care about your journey with us and will ensure you are always listened to and are always informed at every critical stage.
- Woodsman Projects are Registered Building Practitioners in both domestic (CDBU51768) and commercial (CCBL58918) building classes.

The Woodsman Quoting Process

At Woodsman Projects we believe that the quoting process should be simple and transparent. Woodsman Projects believes that you should fully understand what is included and what works are excluded. That is why our quotes are detailed; easy to read and understand (just you wait and see!)

Our years of industry experience will guide you through the pre-build stage and make the quoting process as simple as possible to build your project.

Woodsman Projects Pty Ltd is an established building company specialising in property development as well as new residential homes and townhouses, renovations, extensions and custom built homes.

So What Happens Next?

The Easy Bit

- You should have already received a very friendly introductory phone call from a Woodsman Projects director to discuss your project requesting plans, specifications, documentation and to arrange a site meeting if required.
- Woodsman Projects will then send through a Quote Request Form with a link for you to specify what inclusions you would like.

This may also be done in person at our scheduled meeting.

Sit Back and Relax While We Get to Work

- Woodsman Projects will create your detailed inclusions list and price as per the forms and documents submitted. Good things take time, so please allow 7-10 business days for Woodsman Projects to prepare your customised quote specific to your project.
- Multi-Unit developments please allow 10-15 business days.

Let's Meet Up

- Submission of Quotation and Meeting

Here we will explain the list of inclusions that we/you have specified. Part of the meeting is for us to find out more about you and for you to meet the team at Woodsman Projects. We know that you will just love us.

We Can Spare a Bit of Change

- 1x change to initial Quotation and 2nd price submission.

Here, we allow you to alter/change any parts of our initial submission to your specific requirements.

**Please allow 3-5 business days for Woodsman Projects to prepare your amended quote specific to your project.*

Intent to Proceed

- Any additional quotation changes after 2nd price submission will incur a Fixed Fee of \$3,000.00 (per dwelling) inclusive of GST.

This fee is non-refundable but can be used towards your initial deposit should you decide to proceed to contract signing. This price includes up to 2 additional amendments and price submissions. This is the only time that we put out our hand after many hours of work in quoting your project.

Location:

Riverside Esplanade, Docklands

Build Type: Internal Renovation

I would like to thank Nick and the team at Woodsman Projects for their exceptional services throughout the renovation of my apartment. Their professionalism, knowledge, quality and attention to detail was first class. I would like to express a special thank you to Nick as he went above and beyond to ensure that communication, quality and the final product was of the highest order. Couldn't be happier with the end result and highly recommend the company.

Matt

Location:

Smith Street, Thornbury

Build Type: Restoration to the existing and extension to rear of weatherboard home

We loved the 'can-do' attitude of the team at Woodsman Projects. Our site manager was on top of all the little details of our build, was pro-active in coming up with solutions and took responsibility of resolving any issues that arose promptly. It was clear that the Woodsman team had great relationships with all of their contractors as everyone on site was considerate and had the necessary attention to detail required. Nick, Nathan and James were always amiable and honest in their communication with us and our good relationship with them really helped to make our journey, as first time builders, happy and exciting. Thank you guys, for helping us create our dream home.

David

Location:

Newry Street, Fitzroy North

Build Type: Restoration to existing, architectural double storey extension to rear

Nathan, James, Nick and all of your tradesmen, congratulations on producing an excellent finished article.

John P

Location:

Blackshaws Road, Altona North

Build Type: 3 x Townhouse Development

Woodsman projects provided a completely professional experience for my development project. Great communication, clear pricing, and excellent delivery of the product. Have already recommended your services to others and look forward to working together again! Thanks guys.

Marti

Location:

Mitchell Street, Richmond

Build Type: Renovation and Extension to rear
of Edwardian Cottage Home

Woodsman are exceptional builders who care a lot about the details. They are extremely organised problem-solvers. We got quotes from about 10 builders before we chose Woodsman. I knew we made the right choice with Woodsman when we met them! We had 2 months of unforeseen delays to our project (extra permits, site access, weather) but Woodsman still finished the job ahead of schedule, even during a pandemic. We couldn't be happier with the immaculate detail of our home, thanks to Woodsman! I cannot recommend them enough.

Andy

Location:

Tivoli Road, South Yarra

Build Type: Internal Renovation

I have no words absolutely amazing job I loved it highly quality, highly recommend, professional and friendly looking forward to work with you guys in the future.

Location:

Lower Road, Eltham

Build Type: Renovation & Extension of existing 1970's Home

I have the great pleasure of selling a home in Eltham North built by these guys. It is simply amazing! Well done!

Craig

Location:

Delaware Street, Reservoir

Build Type: 2 x Dwellings, Custom Home
New Builds

A huge shout out to the team at Woodsman Projects & all their team of tradies! Thank you for your contribution and services! What a great partnership! It was a joy building with you all!!
Highly highly recommend! Anyone looking at building, look no further these boys are great listeners, with a can do attitude, friendly, approachable, professional & full of integrity! Thank you!.

George & Silvia

Location:

Prue Court, Fawkner

Build Type: Renovation and Extension of Existing 1990's Home

Anyone who is looking for a boutique quality builder with great customer service should contact Woodman Projects. Thank you Woodsman, you truly made the experience of renovating our home effortless.

Ida

Location:

Meridian Drive, South Morang

Build Type: Large 70 Square Custom Family Home

I cannot say enough nice things about Woodsman Projects. From the quoting stage to handover they were nothing but flexible and professional. No challenge was too hard to overcome with the Brain Trust of the Woodsman Projects team. Would recommend Woodsman Projects to anyone considering building.
