BEAUTIFULLY ENGINEERED TO DELIVER
WATER AT ITS BEST

Over 75 years of innovation

Zenith Water is a wholly owned subsidiary of Zip Water, a world-leading designer and manufacturer of instant boiling, chilled and sparkling filtered water solutions.

Zenith Water invests in Australian-based innovation design and world-class manufacturing to continually enhance water quality, functionality, energy efficiency and aesthetic appeal.

Recognised as a global innovator, our products are sought after and installed in over 75 countries worldwide, providing homes and workplaces with the purest-tasting, safest and cleanest water possible.

Introducing Celsius Plus All-In-One

An integrated system from a single tap, the Zenith HydroTap Celsius Plus All-In-One offers form and function in a beautiful arc design for your home.

One tap. Multiple water options.

The HydroTap Celsius Plus All-In-One delivers a choice of filtered drinking water options, including boiling, chilled, ambient and sparkling water. It also provides unfiltered hot and cold water for everyday use, all from one carefully engineered tap. Intuitive controls dispense filtered drinking water, while the integrated lever delivers unfiltered hot and cold water.

Enhanced sparkling water experience

With an optimised aerator hidden inside the elegant spout of the tap, you'll be guaranteed delicious sparkling water delivery each time.

Intuitive water selection

The HydroTap Celsius Plus All-In-One can be operated at the press of a button, featuring our intuitive touch-pad which has antimicrobial protection for enhanced hygiene.

Streamline your kitchen

Eliminate the need for a kettle for boiling water. No more bottles for chilled and sparkling water. The HydroTap Celsius Plus All-In-One is ideal for kitchens looking to declutter the benchtop for clean, minimalist living.

Designed with purpose

The Celsius Plus All-In-One Pull-Out features a proprietary compact hose management system that allows the pull-out sprayer to operate easily and consistently, with the tap hose retracting without snagging, leaving you free to focus on the task at hand.

The compact hose management system will be installed under-bench, alongside the HydroTap command centre, which is powered by our latest G5 technology.

Includes Hose Management System

Patent pending for the hose management system.

Illustrative purposes only.

The best sparkling water yet

The beautifully designed outlet spout conceals an aerator specifically created to deliver optimum sparkling water delivery.

Intuitive design

Features our latest touchpad to allow for easy to access water selection, as well as continuous flow for bottle fill and a safety lock for boiling water. The touchpad also has antimicrobial protection embedded into the surface for enhanced hygiene.

The latest innovation in Zenith HydroTap G5

Our most eco-friendly HydroTap*

Designed for sustainability

Includes a more eco-friendly refrigeration system

Zenith HydroTap now uses R290 refrigerant gas delivering a 95% reduction in Global Warming Potential (GWP) compared to the previous refrigerant gas used.

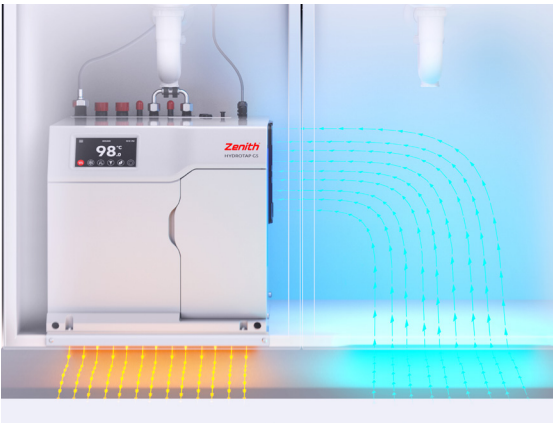

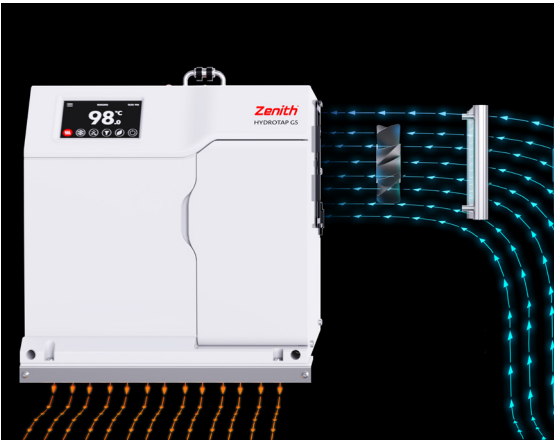

100% water efficient

Using air-cooling technology to deliver perfectly chilled water means the Zenith HydroTap is 100% water efficient as no water is used in the chilling process.

Improved energy efficiency

The new front fascia and integrated airflow vent design in the command centre of the Zenith HydroTap enables improved energy efficiency, allowing air to be expelled out of the cupboard more quickly and efficiently.

At high usage periods, the HydroTap continues to deliver consistent chilled water while optimising energy efficiency by up to 24%. In standby mode, the HydroTap is 10% more energy efficient while ensuring consistent chilled temperatures on demand.
