Over 75 years of innovation

Zenith Water is a wholly owned subsidiary of Zip Water. With unrivalled expertise in instant filtered boiling, chilled and sparkling water, Zenith Water is known globally for being home to the Zenith HydroTap, which dispenses pure-tasting water at the touch of a button.

Founded in Australia in 1947, we've always been innovators, advancing and perfecting our drinking water technology for decades. Today, we're proud to provide workplaces, in over 75 countries across the world with the purest-tasting water possible from our range of Zenith HydroTaps.

Access the latest water filtration technology for pure-tasting water. Convenience at the touch of a button for instant boiling, chilled and sparkling water. Stylish designs and finishes to suit any kitchen and declutter bench space for efficiency. Keep up with the busy demands of a workplace with HydroTap technology. We provide drinking water solutions for all workplaces - offices, health and aged care facilities, small businesses and workplaces looking to reduce shared touchpoints.

Experience water at its best with Zenith HydroTap.

Mike Abbott, President Zip International

Experience water at its best with Zenith HydroTap

Convenience of instant pure-tasting water at the touch of a button

Enjoy pure-tasting boiling, chilled and sparkling water flowing from the simplest of touches with the Zenith HydroTap G5. With sleek design and slick function powered by our most advanced technology, the HydroTap G5 has more personalised settings and features antimicrobial protection for enhanced hygiene. It's not just water, it's water at its best.

POWERED BY
G5
TECHNOLOGY

Powered by our latest G5 technology

Zenith HydroTap's superior filtration and compact, efficient design makes it the perfect water solution for any workspace.

Remove kettles from your benchtops. Eliminate refrigerated bottles of still and sparkling water. Save space, energy and money. Forget deliveries and storage of water cooler bottles.

The Zenith HydroTap is a convenient and practical way to offer your staff, customers and visitors fresh, pure-tasting water – instantly and safely.

Experience water at its best with HydroTap in the workplace

Pure-tasting boiling, chilled and sparkling water in an instant, delivered seamlessly with a Zenith HydroTap. There is a HydroTap to suit any workplace.

For the office workplace

Workplace productivity and wellbeing are vital to every team environment. Zenith HydroTap meets all your workplace water needs in one elegant, easy-to-use system, using the latest technology to keep pace with a busy workplace.

For the small workplace

Award-winning Zenith Micro is our smallest ever drinking water system, designed to fit under almost any bench while keeping up to 10 people hydrated - the perfect solution for smaller offices.

*ALS Pty Ltd Testing of the Zip HydroTap UltraCare system efficacy tests. Zenith brand used in New Zealand.

For touch-free workplaces

With increased awareness around workplace hygiene, Zenith HydroTap Touch-Free Wave provides a 100% touch-free solution, instantly dispensing pure-tasting drinking water with a simple wave of the hand.

For health and aged care facilities

For health and aged care facilities, HydroTap UltraCare is proven to deliver a 99.9% reduction in Legionella*.

Create a safer workplace with HydroTap Touch-Free Wave

Introducing Zenith HydroTap Touch-Free Wave, with smart infrared sensors that activate boiling, chilled and sparkling water.

With an increased consideration around hygiene in the workplace, new Zenith HydroTap Touch-Free Wave provides a 100% touch-free solution to instantly dispense pure-tasting drinking water with a simple wave of a hand.

How it works

- Infrared smart sensors detect hand movements within 1.5 - 5cm in range of the tap
- Once the hand moves away, the water flow will stop
- All drinking water types will have a maximum run time of 15 seconds which is adjustable from the command centre
- Continuous flow to fill bottles with twin sensor activation

Safety features

- Twin sensor activation for safe delivery of boiling water

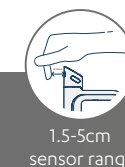

- Dispensing will deactivate when the tap is touched or grabbed, allowing for safe cleaning

Say hello to Classic Plus & Elite Plus

Enjoy pure-tasting boiling, chilled and sparkling water instantly with Zenith HydroTap, powered by our most advanced G5 technology.

Sleek design meets slick function

With simple, intuitive controls including continuous flow to fill bottles and coming in ten ultra-modern finishes, HydroTap Classic Plus and Elite Plus will add designer style to any kitchen.

Smarter and more personalised

Create your preferred settings with a few touches using the optimised new menu in the HydroTap G5 command centre. Select energy modes and usage settings for easier customisation.

Setting the hygiene standard

Zenith HydroTap G5 has antimicrobial protection impregnated within key water surfaces as well as on the new touch-pad for enhanced hygiene.

Classic Plus

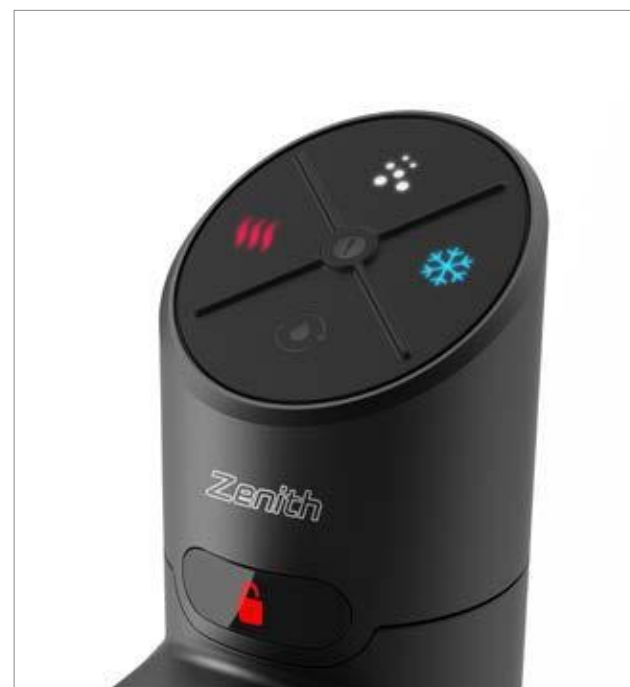

Elite Plus

Classic Plus - 2021 Accolade Winner

in the Product Design Domestic Appliances category in recognition for outstanding design and innovation.

The evolution of Arc Plus and Cube Plus

Elevate any kitchen with HydroTap Arc Plus and Cube Plus.

Sophisticated elegance

HydroTap Arc Plus and Cube Plus will add a stylish finish to all kitchens with its designer silhouette, balancing the on-trend tap styles with our G5 technology to deliver boiling, chilled and sparkling water on demand.

Instant refreshments

Enjoy access to perfect refreshments with pure-tasting water at the press of a button. HydroTap Arc Plus and Cube Plus offers enhanced sparkling & chilled water delivery with the optimised aerator hidden inside the elegant spout of the tap.

Arc Plus

Cube Plus

Available in ultra-modern finishes to suit any designer kitchen.

**Arc Plus & Cube Plus
2023 Accolade Winner**

in the Product Design Domestic Appliances category in recognition for outstanding design and innovation.

Zenith Micro, our smallest ever drinking water system

Zenith Micro is 37% narrower, perfect for small kitchens for up to 10 people, delivering perfectly **boiling** and **chilled** water at your fingertips.

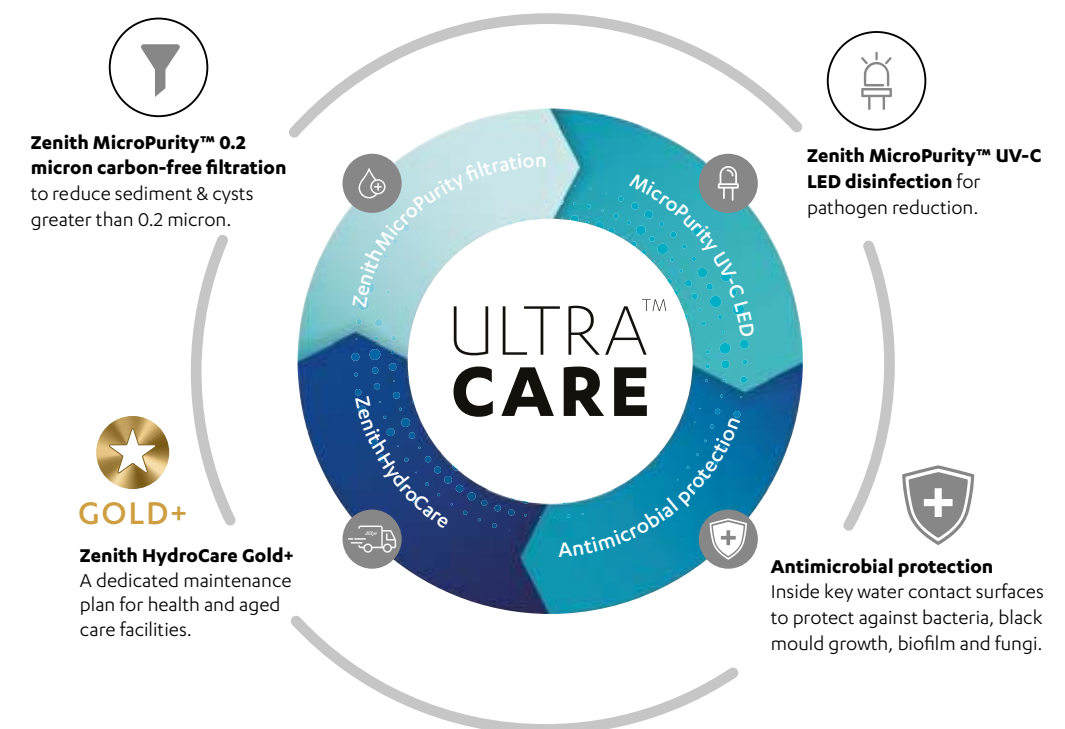

- 
Designed with space in mind
 Our smallest under-bench system footprint is 37%* narrower.
- 
Optimised for up to 10 people
 Keep up to 10 people hydrated with boiling only or boiling + chilled filtered water options.
- 
Easy to use
 The Zenith Micro tap design comes with an integrated safety lock and uses an intuitive twist activation with auto and manual fill options. The underbench system comes with pre-configured settings and modes.
- 
Micro-filtration for pure-tasting water
 Zenith Micro uses the latest filtration technology for pure-tasting water. Zenith filters are certified to reduce bacteria, sediment, odours to NSF 42 (aesthetic effects) and NSF 53 (health effects).

The Zenith HydroTap UltraCare system is proven to deliver 99.9% reduction in Legionella*

Zenith HydroTap UltraCare uses a combination of localised treatments and barriers that are proven as the most effective method of reducing waterborne organisms and pathogens including Legionella**.

The barriers provided in the UltraCare system are:

- MicroPurity™ 0.2-micron carbon-free filtration
- Antimicrobial enhanced surfaces
- MicroPurity™ UV-C LED disinfection
- Life cycle maintenance plan
- Zenith HydroCare Gold+

Zenith HydroTap UltraCare is available in 2 tap designs

HydroTap Touch-Free Wave

HydroTap Classic Plus

2020 Gold Accolade Winner

in the Product Design Domestic Appliances category in recognition for outstanding design and innovation.

Zenith Micro is displayed with an optional font kit sold separately (includes 100mm extension and matching stand alone font).
 *37% narrower than HydroTap BC20 underbench command centre. Zenith Micro is known as Zip Micro in Australia.

*ALS Pty Ltd Testing of the Zip HydroTap UltraCare system efficacy tests. Zenith brand used in New Zealand.

**ALS Pty Ltd Field trial testing on 5 sites in Queensland Health Sector of the Zip HydroTap UltraCare System in Australia. Zenith brand used in New Zealand.

HydroTap, powered by new G5 technology

Leading the way in performance and functionality, Zenith's fifth generation G5 technology continues to deliver the convenience you would expect from a HydroTap.

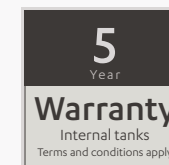

Perfected over 75 years of development and innovation, HydroTap G5 transforms tap water into a form you will love, in an instant.

The G5 command centre is WaterMark approved, which means it is fit for purpose and appropriately authorised for use in plumbing and drainage installations.

HydroTap product warranty

Zenith HydroTap G5 is backed by a 36 month comprehensive parts and labour warranty, plus a further 24 months on internal tanks.

PowerPulse technology

Our innovative Zenith PowerPulse technology maintains stored boiling water to within 0.2°C of your set temperature, meaning no energy or time is wasted waiting for water to boil.

Unique safety features

Zenith boiling water is delivered smoothly and the tap has a safety lock to facilitate safe boiling water delivery.

Air-cooled system

Our unique air-cooled refrigeration system is 100% water efficient.

More eco-friendly refrigeration system

Uses R290 Low Global Warming Potential (GWP) refrigerant gas.

Auto-diagnostics

An advanced auto-diagnostics system continuously monitors your HydroTap's performance.

MicroPurity™ filtration

Inbuilt 0.2 micron NSF-certified filter incorporating innovative silver ion antimicrobial technology means healthier, pure-tasting water for your workplace.

Smart Customisation

New optimised menu in the G5 HydroTap command centre allows you to select energy modes and usage settings for easier customisation.

Antimicrobial protection

Impregnated inside materials in contact with key water paths in HydroTap for added protection against surface bacteria.

Touch-Free Technology

Zenith HydroTap Touch-Free Wave uses smart infrared sensors to activate the tap to dispense boiling, chilled and sparkling water, all without touching the tap.

CO₂ level indicator

New feature in the command centre shows when CO₂ gas is running low.

POWERED BY
G5
TECHNOLOGY

The latest innovation in Zenith HydroTap G5

Our most eco-friendly HydroTap*

Designed for sustainability

Includes a more eco-friendly refrigeration system

Zenith HydroTap now uses R290 refrigerant gas delivering a 95% reduction in Global Warming Potential (GWP) compared to the previous refrigerant gas used.

100% water efficient

Using air-cooling technology to deliver perfectly chilled water means the Zenith HydroTap is 100% water efficient as no water is used in the chilling process.

Improved energy efficiency

The new front fascia and integrated airflow vent design in the command centre of the Zenith HydroTap enables improved energy efficiency, allowing air to be expelled out of the cupboard more quickly and efficiently.

At high usage periods, the HydroTap continues to deliver consistent chilled water while optimising energy efficiency by up to 24%. In standby mode, the HydroTap is 10% more energy efficient while ensuring consistent chilled temperatures on demand.

Most Eco-Friendly HydroTap
- 2025 Accolade Winner
in the Product Design Domestic
Appliances category in recognition
for outstanding design and innovation.

*when compared to preceding HydroTap models

What's in your water—and what do our filters reduce?

Understanding the 8 most harmful contaminants

1 PFAS

Per- and polyfluoroalkyl substances (PFAS) are synthetic chemicals widely used in industrial and consumer products.

PFAS do not easily break down in the environment, leading to persistent contamination in water sources. Studies have linked PFAS exposure to serious health risks.

2 Microplastic Consumption

Microplastics consumption from drinking water is a growing concern with the average person consuming a credit card's worth every week.

Although microplastics are present in a variety of foods, drinking water—especially bottled water—is often one of the most significant sources of exposure, at times exceeding levels found in seafood or salt.

3 Chlorine, Taste & Odour

Chlorine and other contaminants can leave unpleasant tastes and odours in your water.

4 Particulates (>0.2 micron)

Particles in your water can cause it to be cloudy or discoloured.

5 Asbestos

Microscopic asbestos fibers can lead to severe health issues, including lung diseases and cancers.

6 Cysts (including Cryptosporidium & Giardia)

Cysts - such as Cryptosporidium & Giardia, can cause severe gastrointestinal illness upon ingestion.

7 Lead

Lead exposure can result in serious, long-term health problems, particularly neurological damage and developmental issues in children.

8 Bacteriostatic effects

Actively inhibits bacterial growth and biofilm formation, thereby maintaining the water's purity and long-term safety.

Zenith MicroPurity 8 in 1 filtration

The clear choice for clean, pure-tasting water

Choose a genuine Zenith MicroPurity™ filter for your HydroTap. Our Zenith MicroPurity™ filtration technology offers advanced protection against harmful contaminants, including PFAS and microplastics.

Our 0.2-micron filters are certified to reduce the 8 most harmful contaminants, even those you can't smell, see, or taste including:

- PFAS*
- Microplastics
- Asbestos
- Sediment > 0.2 Micron
- Lead
- Chlorine taste and odour
- Bacteriostatic effects
- Cryptosporidium, Giardia

Regular filter replacements and servicing are necessary to ensure optimal performance and water quality of these drinking water filtration systems. We recommend Zenith MicroPurity 0.2 micron filters to be changed every 12 months for residential HydroTap systems and every 6 months for commercial HydroTap systems.

*Zenith MicroPurity filters 93701NZ & 93702NZ are certified to NSF/ANSI Standard 53 to reduce 99.4% of Total PFAS (average reduction).

Triple Action Technology for superior filtration

1. Removes particulates greater than 10 micron
Pleated membrane pre-filtration

2. Reduces total PFAS, sediment, microplastics, lead, chlorine taste and odour, bacteriostatic effects, asbestos and cysts to 0.2 micron.
0.2 micron treated carbon block

3. Reduces limescale build up
Limescale inhibitor

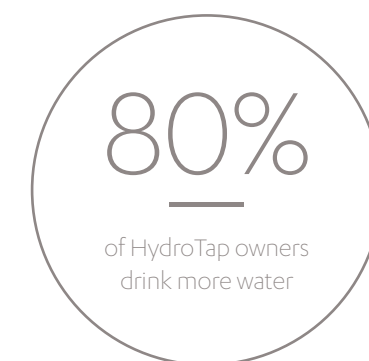

Water for a healthier workplace

Workplace wellness and wellbeing is vital to your team remaining engaged and productive. Water plays a significant role in the function of the brain, so ensuring your staff have access to fresh, healthy water is essential.

Zenith Water research shows that 80% of Zenith HydroTap owners drink more water than before*. Drinking more water offers a range of benefits, such as better concentration and less fatigue. Plus, the increased activity from getting up and moving around increases circulation, encourages the elimination of waste and toxins, and reduces the damaging effects of long periods of inactivity.

Zenith HydroTap meets all your workplace water solution needs, in one elegant, easy to use system.

*Research carried out to 340 existing Zip HydroTap customers

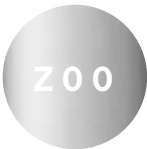

Zenith HydroTap designs and finishes

Ultra-modern finishes

Our ultra-modern finishes are designed to complement contemporary commercial environments. Whether you opt for a classic Chrome, sophisticated Matte Black or a stylish metallic finish, Zenith HydroTap has been designed to suit a wide range of kitchen designs, from contemporary to traditional.

Environmentally responsible

Independently verified Environmental Product Declaration

Zenith Water’s parent company Zip Water Australia has released an internationally recognised and independently verified Environmental Product Declaration (EPD) for its HydroTap products. Developed with leading sustainability consulting company, **thinkstep***, it is the first EPD for an electrical product in Australasia, clearly demonstrating Zenith’s innovative and forward-thinking approach.

The HydroTap EPD details the environmental impact of the product throughout its life cycle, from the production and processing of raw materials, to manufacturing, distribution, installation, ongoing usage, maintenance and filter changing, right down to the end of the product’s life.

Responsible manufacturing

Organisational dedication to sustainability

ISO 14001

Low impact design

Complies with RoHS EU Directive 2002/95/EC

World class environmental credentials

Providing transparent product life cycle impact

More eco-friendly refrigeration system

Uses R290 Low Global Warming Potential (GWP) refrigerant gas

Innovative air-cooled technology

Making HydroTap 100% water efficient

Smart energy saving modes

Time switch adheres to the Building Code of Australia

Eliminates the need for bottled water

Reducing your environmental impact

Sustainable manufacturing

The Zenith HydroTap G5 is Australian made in Condell Park, New South Wales by parent company Zip Water and exported to the rest of the world. Our manufacturing adheres to the high standards of environmental responsibility and ensures the Zenith HydroTap is manufactured sustainably.

ISO14001 is about much more than just designing an energy efficient product. It is complete organisational dedication to sustainable environmental management and ensures genuine commitment to a sound environment management system.

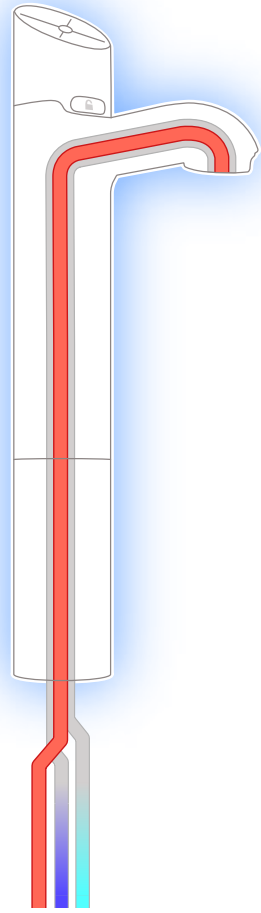

Zenith Water is accredited with the following recognised standards:

ISO14001 Environmental Management System	
ISO9001 Quality Management System	
ISO45001 Health and Safety Management System	

Safe and accessible

All Zenith products are designed to be completely safe and easy to use, with unique boiling water safety locks and cool touch technology. You can be confident that the end user can operate our systems safely, without needing to worry about spluttering steam.

Zenith HydroCare®

Service and support from the people who know your HydroTap best

DEDICATED SUPPORT

Over 65 technicians and service providers

CUSTOMER SATISFACTION

Customers rate our service techs 8+/10*

To ensure your Zenith Water system is performing at its best, sign up to a Zenith HydroCare plan and save money on working costs. We offer specialised packages to maintain your Zenith Water system so that it not only remains in perfect condition, it operates at peak performance.

Talk to us to discuss the right plan for you
hydrocare@zenithwater.co.nz or call 0800 558 055

The Zenith service difference

Our highly skilled network of mobile technicians and friendly customer service team are here to help keep your Zenith products in top working order. Our expert technicians install HydroTaps across residential and commercial kitchens, and we maintain all drinking water systems.

National coverage

Zenith Water employs over 65 technicians and regional service providers offering installation and ongoing filter and CO2 changes, covering the North and South Islands.

Customer satisfaction

We aim to provide our customers with professional care at a high standard and take pride on our level of service.

HydroTap product warranty

Fast and efficient

Every Zenith service technician carries a range of spare parts, genuine filters and CO2 canisters to repair on first time attendance, which means you can get back to enjoying your fresh, filtered water in no time.

Professional repairs and maintenance

Zenith technicians are highly skilled, specialised and factory trained with years of experience to ensure you receive efficient, reliable and prompt service and repairs.

Let Zenith take care of the installation

Zenith Water offers an installation service with our team of highly skilled service technicians and regional service providers available to install your HydroTap in any kitchen.*

Our service technicians can also help maintain your HydroTap, with a simple online booking form at zenithwater.co.nz/commercial/service/service-difference

* Available where suitable power, water and drainage are available within 1 metre of the installation location. Excludes cutting of stone countertops, cabinetry and major plumbing modifications.

A history of drinking water innovation for over 75 years

Zenith Water is a world-leading designer and manufacturer of instant boiling, chilled and sparkling filtered water solutions. Zenith Water's parent company Zip Water invests in Australian-based innovation design and world class manufacturing to continually enhance water quality, functionality, energy efficiency and aesthetic appeal. Recognised as a global innovator, Zenith Water's products are sought after and installed in over 75 countries worldwide, providing homes and workplaces with the purest-tasting, safest and cleanest water possible.
