## My Personal Directory of Trusted Professionals

*"It's not WHAT you know. It's WHO you know."*

### Who Are These Experts?

Understanding WHAT to do is one obstacle and working out WHO can help you is another.

On a daily basis, our team receives requests for us to recommend design and building professionals. To make this process easier, I have listed the professionals that we trust for specific types of projects. Not only do they do a great job,

they provide excellent advice, as well. These are the experts we trust explicitly.

If you have other questions about your project, don't hesitate to reach out to me. If I can't answer your question, then I'll direct you to someone who can.
