ART OF LIVING

*“Sleep in Comfort, Milano fans are the quietest ceiling fans in Australia.”*

# Why MILANO Fans?

## AUSTRALIAN BRAND

Milano Fans are proudly an Australian brand, distributed by Fan City.

## MOST SILENT CEILING FANS

Milano Slider Junior fans have a noise level of only 33dB on high speed.

## RECOMMENDED BY CHOICE

Milano Fans have been recommended by CHOICE consecutively for the past 4 years.

# Unique Design

## UNIQUE DESIGN

---

Slider Juniors offer a unique design with its handcrafted aerodynamic timber blades (instead of cheap plastic blades) providing an air displacement of 15300m<sup>3</sup>/hour.

## BUILT TO LAST

---

Slider Juniors include high quality BLDC motors which are built to last.

## BEST FOR BEDROOMS

---

According to CHOICE, Slider Juniors on the slowest speed operate on 50 \*RPM (other brands having a higher RPM).

# Energy Efficiency

## ENERGY EFFICIENT

---

High quality BLDC motors help save up to 70% of energy usage (as per CHOICE test only \$1.00 / monthly running cost).

## VARIABLE SPEED OPTIONS

---

All fans come with a 6 speed remote control at no extra cost.

## CEILING FANS WITH LIGHTS

---

Slider Juniors can come with or without a dimmable light (18 watts, 3000K, 1440 Lumen).

# Smart Home Integration & Replaceable LEDs

## SMART HOME INTEGRATION

---

Slider Juniors can be connected to Wi-Fi enabling voice activation with Google Home or Amazon Alexa – hands free fan and light control.

## REPLACEABLE LED

---

High quality LED plates come with the fan, which are built to last. However consumers can replace the LED lights if required in the future.

# How would clients benefit from Slider Juniors?

## AFTER SALES SUPPORT

Fan City is passionate when it comes to customer service. We look after our clients even after purchase.

## FREE SHIPPING

Fan City offers free shipping all over Australia.

## COMPETITIVELY PRICED

Slider Junior's biggest advantage is that it's the best quality with a competitive price making it affordable to everyone.

## CUSTOMISATION

Slider Junior fans can be customised in relation to their colours. This feature is in place in order to suit everyone's palette.

# SLIDER ZEST OUTDOOR

## FEATURES

- **ASA BLADE:** What is ASA blade?  
Acrylonitrile styrene acrylate which called as ASA is an amorphous thermoplastic developed as an alternative to acrylonitrile butadiene styrene (ABS), but which improved weather resistance and its more high technology widely used in the automotive industry. It is UV resistance, ASA has high outdoor weatherability, it retains gloss colour and mechanical properties in outdoor exposure, it has good chemical and heat resistance, high gloss, good antistatic properties, and is tough and rigid.
- Fan canopy, down rod, blade holder all made by 316 grade stainless steel.
- Best Air displacement.
- Quiet in operation.
- Designed for use at outdoor undercover.
- Designed for use at damp location.  
Tropical rated.
