deliver products,  
we CREATE them*

## A commanding entrance (Mt Eden, Auckland)

This impressive classic design is what you are treated with when you are a visitor entering this imposing property.

The entrance also provides a perfect appearance for any passers-by to appreciate.

Accumen Shapes Ltd supplied the *Pediment* (triangular element with cornice detail), *Dentils* (small square blocks), and *Square Columns* that have fluted detail on the face, with *Capitals* on the top and *Plinths* on the bottom.

This is an excellent example of how a boundary wall can become an item of artistic beauty using **Accumen® Shapes**.

Credit must be given to the creative tradesman who designed and installed this stately entrance.
