WELCOMING HOME

Albany, North Island

- Lightweight
- Robust
- Exceptional

“A smile is a curve that sets everything straight”

... Phyllis Diller

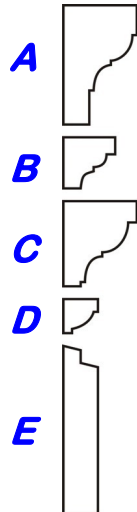

This eye-catching magnificent home has uplifted the entire street. It is hard to imagine what this house would be like without any architectural details (best we don't go there!). This very impressive entrance is what you are treated with when approaching the front door.

Accumen Shapes supplied the elegant architectural details that were created to precise proportions to give the welcoming entrance a grandiose appearance.
