New Zealand*

**Assyrian Church  
Of The East**  
(Manurewa, Auckland)

When the Assyrian Church Of The East needed exterior mouldings, including decorative tiles, for their impressive new church (the very first in New Zealand), they looked to **Accumen Shapes** to manufacture the striking decorative shapes.

**A** Square pyramid detail

The Church Of The East began during the early Christian missionary activity in the first century which included areas of modern day Iraq and Syria.

Some of the designs used on this new building are the same patterns that were used 6,000 years ago and are linked to their historical heritage.

Thanks to Rev Toma K Toma and Project Manager Glen Mouchi, we now have this captivating building for parishioners and passersby to admire.

**Accumen Shapes** were invited to the auspicious grand opening which we proudly attended and thoroughly enjoyed.

Well done to Colin MacKenzie Plastering on the install.
